'BLOOD TRANSFUSION' REVIVES ASSOCIATED CHAMBERS HERE

MEMBERSHIP OPENED FOR NEW GROUPS

By-Laws Changed at La Habra Meet

A blood transfusion which is expected to produce a vigorous, bounding organization from the former faltering Associated Chambers of Commerce of Orange county, was effected at a meeting in La Habra last night.

Members approved changes in the by-laws which will let down membership bars, allowing bodies other than chambers of commerce to attend and vote at meetings, and changed the much-discussed law which withheld action on any resolution for at least 28 days. The changes were proposed by a special committee headed by Ross Shafer of Tustin.

INTERNAL WARFARE

The associated body neared disaster some time ago when internal warfare followed action on several matters and the Santa Ana chamber clause was incorporated in new by-laws. The latest voting idea, whereby definite policies will be established and instant action on any matter effecting the policies will be possible, was approved by directors of the Santa Ana chamber.

If a resolution along the lines of a chamber policy is approved, it still is to be brought before the board of directors of the county group, Shafer pointed out, and if the board disapproves of the action, it will be brought back before the associated at a later date, where a two-thirds vote will be necessary to pass it.

JUNIOR CHAMBER

The new setup provides for membership of a junior chamber if there is no senior group in a community, or for appointment of a representative from a body similar to a chamber.

L. H. Loudon, publisher of the Anaheim Bulletin, was speaker at the meeting, discussing the newspaper business in Orange county. He said capital investments in the county total \$1,499,000, that the annual payroll is approximately \$327,500 for 429 employees and that

Chapei Defense Crumbles; Yanks to Shoot Flyers

(Continued From Page 1)

ment of the sixth regiment of marines, had not been set up yet. They hoped it would not be necessary to bring them into play.

FLAMES MENACE

This precaution against a military emergency was taken, as flames penetrated the settlement at one point and by mid-afternoon had consumed a square block of closely-packed houses on Tibet road. All available foreign fire engines deployed along Soochow creek, which flows between Chapei and the international area, to keep the blaze from spreading.

Just west of the settlement boundary, Chinese and Japanese armies faced each other from opposite banks of winding, muddy, Soochow creek. During the night and day of fighting in which Japanese occupied Chapei-China's Alcazar—Chinese were driven across the Shanghai-Ananking railroad and down the northwest boundary of the foreign area.

Generalissimo Chiang Kai-Shek's warriors dug in along the southern bank of the creek, prepared to force Japanese to wage another major engagement.

CLOSE GATES

British defenders closed barbed wire gates and refused to permit any more refugees fleeing from Japanese to enter the settlement. Thousands of Chinese surged against the barricades, screaming in terror, but British declared opening the gateway would imperil the settlement.

Because machine gun fire endangered the settlement's western

the annual income for papers here is \$945,000.

SAFETY DRIVE

Dr. C. G. Huston, chairman of the associated safety committee, reported that a state-wide safety campaign proposal will be brought before members within a short time and explained objects of such a drive for curtailment of accident deaths.

Mayor A. J. Wilson of La Habra welcomed guests to the meeting, with Judge D. J. Dodge of Costa Mesa responding. President Jack Crill was in charge, introducing Supervisors Willard Smith and Harry Riley, who spoke briefly.

JAPAN DECLINES BID TO 9-POWER PARLEY

TOKYO. (AP)—Japan formally declined today the invitation to participate in the Brussels conference of nine-power pact adherents on the Chinese-Japanese war.

A note handed to Belgian Ambassador Baron Albert De Bassompierre declared the conference was inspired by the League of Nations and would "put serious obstacles in the path of the just and proper solution of the conflict."

The Japanese foreign office simultaneously released a long informal statement reiterating Japan's contention that Japan was fighting in self defense.

border, the British consul general warned all British nationals to be ready to evacuate dangerous territory. American officials were considering possible similar action.

British troops holding an outpost at a railroad bridge across Soochow creek, just outside St. John's University campus, fell back to a safer post near Jessfield Park. The troops reported that a Japanese airplane had machine-gunned approximately 100 refugees streaming across the bridge, killing 10 and wounding 25.

SUICIDE SQUADRON

Directly across from the sector guarded by United States marines, a Chinese dare-to-die detachment of from 200 to 300 men engaged in a fight to the finish with Japanese.

The Chinese lieutenant in command refused the offer of a British messenger, who had braved machine gun fire to reach them, to permit the Chinese detachment to enter the settlement on condition that they lay down their arms.

The lieutenant said he had no orders to withdraw and preferred to fight to the last bullet.

CHINESE CLAIM STRATEGIC MOVE

NANKING. (AP)—General Chang Chun, secretary general of the Chinese political council, declared today that "we are not disturbed" by the Chinese evacuation of Chapei and Kiangwan.

"The evacuations were merely strategic retreats, well planned in

advance, and intended to give us stronger positions along a second defense line," he said.

"We still have ample reserves of men and munitions. The morale of the troops and of the government is unbreakable."

General Chang said the withdrawal had not severed communication between Nanking and the Chinese Shanghai armies. He explained the Chinese continued to occupy Pootung, across the Whangpoo river from Shanghai, and the old Chinese quarter of Nantao.

FDR URGES NATION TO AVOID WAR

WASHINGTON. (AP)—President Roosevelt said in a Navy day message today the United States would avoid war "by all honorable means."

The commander-in-chief of the most powerful navy in history coupled with this, however, a statement of determination to maintain adequate sea defenses in the face of widespread rearmament abroad.

He expressed his views in a letter to Secretary Swanson, through whom he congratulated the navy "on its splendid efficiency . . . and competent leadership."

Navy day has been observed for years on the birthday anniversary of Former President Theodore Roosevelt.

The nation's sea force now ranks second only to that of Great Britain. There are 366 ships in commission, a total tonnage of 1,073,000, an enlisted personnel of 102,000 with 9714 officers, and a departmental appropriation of \$516,258,000.

The preparation of America's sea defense is going forward at a faster pace than at any time since the war. Under the present expansion program the fleet tonnage will be increased to 1,343,000 by 1942. That was approximately the tonnage which this country agreed not to exceed under the London naval limitation treaty.

F. D. R. ARRANGES BUDGET PARLEY

HYDE PARK, N. Y. (AP)—President Roosevelt pointed his week today toward a budget-balancing conference with Secretary Morgenthau Friday evening.

The President planned little work for the remainder of a 10-day visit to his family's home here except the meeting with Morgenthau and Daniel Bell, the budget director, on Friday.

J. D. Ross, newly appointed administrator of electric power to be generated by the Bonneville Ore. dam and L. C. Robert, jr., of Georgia, former assistant secretary of the treasury, were the only scheduled callers today.

advance, and intended to give us stronger positions along a second defense line," he said.

Canadian Planes Lift Most Freight

OTTAWA. (American Wire). Canadian planes carry more freight than air service of any other country, according to figures released by the bureau of commerce. Air transport planes in the dominion carried 22,947,105 pounds of freight last year. Most of this was heavy machinery, fuel oil and supplies for remote mining areas in the northwest part of Canada whose only link with the outside world is by plane.

LABOR PARLEY IS FAILURE

(Continued From Page 1)

gested dissolution of the CIO as the basis of the settlement of labor's strife.

Murray said the federation had called for the CIO unions which originally were affiliated with the A. F. of L. to "desert and betray the 23 new national and international unions that have joined the CIO since its formation two years ago."

The CIO's rejection of the A. F. of L. proposal, the latter made as the meeting opened today, left the peace conference up in the air, with delegates undetermined immediately whether it would continue.

SUBMIT PROPOSAL

The federation's three-man committee, headed by George M. Harrison, president of the railway clerks, submitted that organization's proposal to the peace conference this morning.

It came as a counter suggestion to the CIO proposal of yesterday for establishment of an autonomous CIO department in the A. F. of L.

The federation peace plan answered Lewis' equally drastic proposal which A. F. of L. leaders indicated privately they could not accept.

Lewis suggested the CIO fly the A. F. of L. banner but remain an independent organization. Lewis also suggested that the A. F. of L. recognize the principle of industrial organization in all mass production, marine, public utility, service and basic fabricating industries.

A. F. of L. acceptance would have meant that the federation's craft unions would be eliminated from most of the country's big industries—such as automobiles, steel, glass and others.

ASK STORES TO BUY STAMPS

(Continued From Page 1)

the merchants agree to keep on hand at all times an adequate supply of trade tokens to supply all customers who ask for them with their purchases."

Purchases from 10 cents to 15 cents would require one token; purchases from 16 to 25 cents require two tokens, and for each additional 10-cent purchase one token would be required.

"Thus," said Long, "the sponsors pay a voluntary-imposed tax of 2 per cent on all business done with them by Townsendites. They pay this tax directly into the Townsend movement when they purchase tokens or stamps from the Townsend Trade Builders at the price of \$2 per thousand tokens. These tokens or stamps have no redemption value, either in cash or cash equivalent."

\$50,000 BUSINESS

"The thousand loyal Townsendites in any congressional district, cooperating wholeheartedly, by asking for free tokens, and buying on the average only \$5 worth of goods or service weekly from sponsors, for which they ask for and receive tokens, would transact \$50,000 worth of business, on which the sponsors would pay \$1000 into the Townsend movement."

"This is an affiliated enterprise, which is wholly controlled by Dr. Townsend through a revocable license. The net revenue will go into the Townsend general welfare fund."

The trade stamps have on them a picture by Dr. Townsend, and below, his signature. They are about the same size as a regular postage stamp.

Sulphuric Acid in River Eats Boats

MORGANTOWN, W. Va. (American Wire)—Sealing of abandoned coal mines near the Ohio river and tributaries will effect a saving of \$10,000,000 a year, according to Prof. W. W. Hodge of West Virginia university. The mines have rock containing sulfur. Sulfuric acid seeps from them eating into bridges, boats and other things.

PSYCHIC STUDIO

Special Offer to Ladies this week, My \$2 Life Reading for \$1

Without having seen or heard of you before, will tell you of your private affairs: giving you dates, facts and figures that will amaze and benefit you.

Strange, true and fascinating are the words that flow from the lips of this gifted and unrivaled medium. Not only reads your life like an open book, but also helps you out of your troubles, reunites the separated, settles lovers' quarrels, enables you to win the esteem, love and affection of any certain one, restore lost affection, brings sunshine and happiness to discordant families. Gives reliable information and advice on all problems of life such as love, marriage, changes, travel, business, stocks and investments.

All revelations will be held strictly confidential and sacred

HOOVER ASKS DETERMINED NEW DRIVE

BOSTON. (AP)—The Republican party had a fresh demand today from Herbert Hoover for a national convention to draft a new platform of "positive and affirmative principles."

"There is a mighty service to be performed," the former president told the Republican Club of Massachusetts last night.

"This party must make the humanitarian objectives of the nation possible which are otherwise wrecked by wrongful and ineffective methods. It must reform destructive economic policies which undermine the standards of living of the economic middle class, and thus of all the people."

An address which he so frequently by applause that he was compelled to bid his radio audience goodbye before he reached the end of his speech, Hoover declared:

"The interest of the nation requires that the Republican party shall provide the country with the most affirmative principles that will meet these yearnings of the people today for a way out and forward. It is a gigantic task. But why should we not make a beginning?"

The former president inserted into his prepared address an admonition against delaying the declaration of principles until 1940.

"It should be remembered," he said, "that a national convention is busy chiefly with selecting a candidate. You cannot send 48 men and women into a room at 9:30 at night and tell them to draft a platform before 9:30 in the morning and expect to obtain a satisfactory result. Particularly is this so when the platform drafters are besieged by lobbyists from the corridors outside."

"What I want is an intellectual session of the party."

The former president told his party that if it "has not learned the lesson that it must produce principles and program besides being against any joy-riding on mistakes it has not read history."

"You do not long hold the goal and devotion of men and women without definite purpose and principle," he said. "The Whig party tried all that."

In his speech Hoover brought a stir from the audience when he said "I do not want any public office," followed by applause when he added "I shall keep on fighting for those things vital to the American people."

SKINNY SKRIBBLES

(Continued from Page 1)

until Christmas? You count 'em. I've just had an invitation to lunch.

Marion Speer, author of "West-ern Trails," who is content to reside at Oceanview and run a museum, was in yesterday. Missed him, so I have yet to find out whether he can find a place for me in the museum. Something must be done, and Marion might as well do it. When you get along about Grand army age you don't look so young as you used to. I do not know how Marion feels about the quiet and open spaces, but it has always been my understanding—no experience—that the solitude was better when the solitude was greater. I know that my old friend Dick Hall made the Saturday Evening Post out of the open spaces where Salome was supposed to dance. That was just Dick's imagination, but he insisted that he taught a frog the intricacies of terpsichorean art. So there is no telling what Marion will do.

Eighty-thirty this evening over the Don Lee coast to coast broadcast the Elks will put on a national traffic safety program, and it may do you some good if you listen to it. Grand Exalted Ruler Charles S. Hart will give an address, stressing the necessity for more careful driving. The Los Angeles civic chorus of 350 voices, the Elks chapters from No. 99 and the Elks symphony band are on the program. It will be an entertaining and informative broadcast. I'm not so much interested in the musical part of the program as I am that you hear Hart talk about safe driving. If we save lives we will have some one to listen to our entertainment. Otherwise we won't have any entertainment.

Charley Van Wyk stops for a commiserating conversation. I was in the mood. So when we got through with the nut industry we felt like we were finished. And after trading walnuts for almonds and back again, we were right where we started, so we didn't get any place.

Sahara Used to Be Dense Forest

WASHINGTON, D. C. (American Wire)—The great Sahara and Kalahari deserts were once part of a forest which covered all of Africa, in the opinion of Dr. Herbert Friedman, Smithsonian Institution curator of birds. Before the ice ages the continent began to dry up and birds migrated from the steppes of Asia to the newly created African grass lands, he has concluded after a study of bird specimens from Ethiopia and Kenya Colony.

Proves Bacteria Give Off Light

EARLHAM, Ind. (American Wire)—Proof that some bacteria produce light can be obtained by photographing the phenomena, according to Hurst Shoemaker, instructor in biology at Earlham college here. He secured a photograph by placing bacteria in a dark room and focusing on them with a time exposure.

commerce department figures reveal.

U. S. exports to Japan totaled \$216,720,000, while imports from that country amounted to but \$143,000,000. Purchases by Japanese increased more than \$100,000,000; their sales to Americans advanced about \$35,000,000.

Japanese have been buying in this country about five times as much as the Chinese.

Japan Sells Less Than Buys

WASHINGTON, D. C. (American Wire)—Japanese purchases in the United States during the first eight months of this year were more than 50 per cent greater than American purchases in Japan,

PAIR GET 65 YEARS FOR BANK THEFT

CLEVELAND. (AP)—Federal Judge Paul Jones today sentenced James Widmer, convicted murderer, to 65 years for robbery of two Cleveland banks.

Federal authorities said Widmer, who pleaded guilty, would be taken at once to Alcatraz Island, west coast prison for desperate criminals.

Judge Jones also sentenced 19-year-old Roy Shauver, of Lorain, to 50 years after Shauver pleaded guilty to robbing a Woodville, O., bank of \$2100 last Sept. 7.

Widmer and Charles and Frank Bird were captured last summer after an attempt to rob a Cleveland bank, but broke loose from county jail last month in a spectacular flight.

Deaths

BIRCHER.—At Anaheim, Oct. 27, John Gottlieb Birchler, 76. He is survived by one brother, John Jacob Birchler of Santa Ana, and one sister, Mrs. Ana L. Wester of Anaheim. Funeral services are to be held from the Higginfield funeral home, Anaheim, Friday, at 2 o'clock, with the Rev. O. R. Schroeder, pastor of the Bethel Baptist church, officiating.
SMITH.—Mrs. Kittie C. Smith, 67, died at her home, 2048 Greenleaf street, Oct. 27. She is survived by her husband, Dr. H. McKiver Smith; a daughter, Miss Dorothea Smith of San Francisco; a sister, Mrs. J. B. Haas of Santa Ana, and a brother, Benjamin Crossman of Olean, N. Y. Funeral services will be held at Smith and Tuthill chapel at 2 p. m. Friday. Cremation at Fairhaven cemetery.

CONWAY.—Charles Lincoln Conway, 40, died in Santa Ana, Oct. 27. He is survived by his mother, Mrs. Susan T. Conway; two brothers, Llyses Conway of Missouri and Dwight A. Conway of Long Beach, and one sister, Mrs. Goldie E. Owens of Garden Grove. Announcement of funeral services will be made later by Brown and Wagner.

LOPEZ.—Tebucio, Lopez, 60, died at his residence in Westminster, Oct. 27. Announcement of funeral services will be made later by Brown and Wagner.

JOINT TENANCY

Mrs. Laura A. Baird petitioned superior court today for termination of the joint tenancy of her husband, the late George G. Baird, in Fullerton real estate and personal property. Mr. Baird died in Los Angeles Sept. 12.

BOARD'S WRANGLE CUTS OFF ASSISTANCE TO NRS HERE

COMPROMISE ON AMOUNT TURNED DOWN

\$200 Motion Loses On Roll Call Vote

Unwilling to compromise between \$200 and \$100 as a donation to the National Employment service, supervisors today had caused the service to get nothing. It happened this way:

Manager Charles Fallert of the NRS office asked for \$200 to "take off" county employees in his office, which is being taken over by the government without county contributions.

Supervisor N. E. West said he could see no reason why the county should contribute, because several other counties do not and still get the same service. He made a motion, that \$100 be appropriated. There was no second.

Supervisor John Mitchell moved that \$200 be appropriated. Supervisor Harry Riley seconded. West demanded a roll call vote. Supervisor Steele Finley refused to vote, and Supervisor Willard Smith, Mitchell and Riley voted yes.

District Attorney W. F. Menton ruled that, since the expenditures were not included in the budget, it took a four-fifths vote to pass it.

So the NRS gets nothing, and doesn't know whom to blame.

PARK TO HAVE PLAY PROJECT

A new WPA recreation project will be opened at Santiago park starting Friday, it was announced today by Truscott Lindsay, WPA recreational project supervisor.

The new park will be open on Saturday and Sunday afternoons for supervised play. Two women and two men, trained in playground leadership, will be on the grounds during these hours. These leaders will be furnished by the WPA recreation project.

Daily classes, free to the public, will be offered in adult handicraft work of various kinds, as well as daily classes in pottery and all kinds of clay work. These classes will be open from 10 a. m. to noon and 1 p. m. to 4 p. m. daily except Saturday and Sunday. Handicraft classes for children will be at 10 a. m. Saturday.

Adults interested in archery are requested to register at the crafts building in the park. Numerous articles made from scrap materials, which make beautiful Christmas gifts, will be on display in the crafts building.

COZAD FUNERAL ON THURSDAY

Final rites for James O. Cozad, 82, who died at his home at Seventeenth and Berrydale road, Garden Grove, Monday, will be conducted from the Smith and Tuthill chapel at 2 p. m. Thursday. The Rev. O. Scott McFarland, pastor of the First Presbyterian church, will officiate.

Mr. Cozad came to California on July 14, 1919, and was a familiar figure on the streets of Santa Ana with his wife. He was born in Roseville, Ill., in 1855, and lived in Iowa, Nebraska, Colorado and Kansas before coming to California. He was also one of the first students at the Nebraska School for the Blind.

Survivors include his wife, Mrs. Margaret Cozad; two sons, George and Albert Cozad; a daughter, Mrs. Betty Appel of Orange, and two brothers, Charles Cozad and Harry Cozad.

New Interest in Johnson's Talk

Added interest will be attached to the appearance here tomorrow night of Arthur L. Johnson, secretary of the General Welfare Federation of America, who will speak in the high school auditorium.

The increased interest will result from the fact that Johnson has just been elected in motion for incorporation of the General Welfare association of Southern California. The move toward incorporation was taken at Riverside Monday.

Johnson is also legislative chairman of the General Welfare Federation.

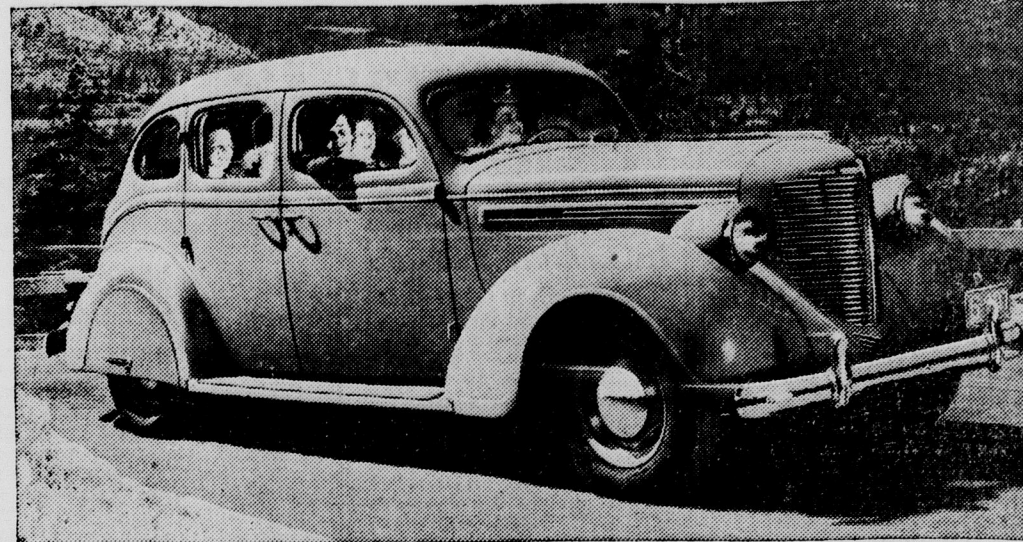

Tomorrow will be Congressman Harry L. Sheppard, who will deliver his last talk here before going to Washington to attend the special session of congress. The meeting tomorrow will start at 7:30 p. m.

Special Services At Full Gospel

Three special services will be presented in the Full Gospel assembly, 1600 Third street, tonight, Thursday, and Friday evenings by the Rev. Paul G. Tedman of Kansas City, who will display and describe a mammoth oil painting.

The painting is 50 feet in length and depicts Biblical stories from Genesis to Revelations. It required two years to paint and has been presented in churches, labor unions and tent meetings throughout the country on a coast-to-coast tour. Services will begin at 7:30 p. m. this evening.

Chrysler Royal Sedan Arrives

The Chrysler Royal, four-door touring sedan, one of the 1938 models now being shown at the O. R. Haan showrooms, 505 South Main street, has a wheelbase of 119 inches and a Gold Seal engine developing 95 horsepower. A completely new front end treatment and many new features make it the finest car in the price class that Chrysler ever offered.

MARINE HELD FOR KILLING OF WIFE

LOS ANGELES, (P)—Nelson D. Boyer, 21-year-old former marine, was held in jail here today, following the discovery of the body of his wife, Dorothy Boyer, in a shallow grave in suburban South Gate.

Willard Brett, South Gate chief of police, said Boyer confessed that he killed his wife with an iron dumb-bell during a quarrel last Aug. 1 and five days later buried her body in a two-foot grave in a vacant lot.

"She wouldn't divorce me nor let me divorce her," Chief Bretz quoted the prisoner as saying. "I got sick and tired of it. I made up my mind to kill her a long time ago."

Letters which police said Boyer admitted having written in his WPA recreation project supervisor.

Daily classes, free to the public, will be offered in adult handicraft work of various kinds, as well as daily classes in pottery and all kinds of clay work. These classes will be open from 10 a. m. to noon and 1 p. m. to 4 p. m. daily except Saturday and Sunday.

Adults interested in archery are requested to register at the crafts building in the park. Numerous articles made from scrap materials, which make beautiful Christmas gifts, will be on display in the crafts building.

Three days later, under cover of night he strapped the trunk to the rear of his automobile, Bretz declared, drove to the vacant lot and scooped out a shallow grave five feet from the sidewalk, where he buried the body.

M'Laglen Held For 'Shakedown'

LOS ANGELES, (P)—Leopold M'Laglen, a burly, 49-year-old brother of the screen star, Victor M'Laglen, was booked at the county jail today on suspicion of solicitation of the commission of a crime and suspicion of subornation of perjury.

McLaglen denied to Sheriff's Inspector William Penprase that he tried to "shake down" Millionaire Philip Chancellor for a salary bonus of \$8000.

"I do not know what this is all about. There is not a scratch upon my integrity in any country of the world."

McLaglen was taken into custody last night after what Inspector Penprase said was a six weeks investigation requested by Chancellor, who inherited an Akron, O., fortune.

C. C. C. Camp Host to Army Chief

Captain Budd and his company of World war veterans at Camp El Toro played host last Saturday to Brig. Gen. E. S. Hartshorn of Washington, D. C., U. S. army general staff officer in charge of reserve affairs, and now inspecting the ninth corps area. He was accompanied by Col. H. E. Yates, commanding officer first reserve district, headquarters at Los Angeles and Capt. L. A. Whittier, public relations officer, Los Angeles district C. C. C. from Van Nuys.

The guests dined with the company. After dinner they inspected the camp and the general was enthused over the general condition of the camp.

Policy Holders To Be Honored

Policy holders will be special guests of life underwriters when the Orange County Life Underwriters association holds its October meeting Friday noon in Danziger's cafe, it was announced today by W. B. Moore, jr., president of the group.

Mrs. Baker First In Woman's Golf

Mrs. E. E. Baker, with a score of 27-5-2, triumphed in women's golf over the four-par holes at the Santa Ana Country club yesterday. Mrs. L. J. Bushard and Mrs. C. H. Chapman each scored 30-6-24.

SHEARING THE GOOD THINGS OF LIFE

By PROF. C. DE CORN

I would like to have somebody explain, if anybody can, because I cannot, why there are so many taxes. It seems to me to be an injustice, and nobody is reaping the harvest except the government, and especially not me, or I.

From my consultations with a very nice senator who wrote me an epistle, I think perhaps I have an idea which might have appealed to my fellow-thinker, Adam Smith, if he had been enough of a student to understand the economic theory with which I am bursting.

DEATH TAKES CLUBWOMAN

Mrs. Kittie G. Smith, prominent clubwoman and wife of Dr. H. McKiver Smith, died early this morning at her home, 2048 Greenleaf street, after an extended illness. She was 67 years of age.

Born in Titusville, Pa., Mrs. Smith moved to California in 1920, and lived in Santa Ana during the 17 years since that time. She was an active member of the First Presbyterian church until a year ago, when she was taken ill.

She was also prominent in activities of the Hermosa chapter, Order of Eastern Star, and held an office in the organization about three years ago. Her other club affiliations included Daughters of Union Veterans.

Besides Dr. McKiver, Mrs. McKiver is survived by a daughter, Miss Dorothea Smith of San Francisco; a sister, Mrs. J. B. Haas of Santa Ana, and a brother, Benjamin Crossman of Olean, N. Y. Funeral services will be conducted from the Smith and Tuthill chapel at 2 p. m. Friday, followed by cremation services at Fairhaven cemetery.

AWAIT REPLY TO BUILDING OFFER

The county's offer of \$3500 for the chamber of commerce building, to be used for a rapidly-expanding welfare department, probably will be decided on by chamber directors Monday.

Acceptance of the offer, result of a long fight by Supervisors Steele Finley to get the chamber off the county-owned land near the courthouse annex, was expected. Finley contended the chamber should be forced to vacate the property, because the space was needed for the welfare department.

The chamber, if the offer is accepted, is expected to rent offices for a year or more, and then construct its own building in the north end of the city.

HAHN POISON CASE WIDENS

CINCINNATI, (P)—Defense cross examination in the murder trial of Anna Marie Hahn failed today to shake testimony of Dr. George Altmeier that George Heis, 62, "probably" was crippled by a poison which the state claims was administered by Mrs. Hahn.

Prosecutor Dudley M. Outcalt contends Heis, a former coal dealer, is "Mrs. Hahn's only living witness of a plot to slay for gain."

The woman is charged with first degree murder in the death of 78-year-old Jacob Wagner, who the state claims was poisoned.

Women Voters to Hear Miss Lanson

Miss Sue Lanson, state secretary for the League of Women Voters, will be in Santa Ana tomorrow morning to attend the Public Affairs class to be held in the Y. W. C. A. rooms, Fifth and Main streets, at 9:30 a. m. All women of Santa Ana have been invited to attend and meet the visitor.

The local board of the League will entertain Miss Lanson at a 12:30 p. m. luncheon in the Doris Kathryn Tea shoppe following the class meeting, with all League members invited to be present.

Three Women Are Hurt in Crash

Three Los Angeles women were injured when their car and one driven by Paul D. Dutton, 30, 402 West Chapman avenue, Orange, collided at the "blind" intersection of Brookhurst and La Palma avenues yesterday.

Injured were Mrs. C. M. Weber, 65, driver, Mrs. I. Weber, 50, and Mrs. C. P. Smith, 47.

Only an intimate friend or a relative should be asked to act as a child's godmother or godfather.

MONTAGUE IS FREED IN THEFT TRIAL

ELIZABETHTOWN, N. Y. (P)—Acquitted of a seven-year-old robbery charge, John Montague plotted today a new and richer chapter in an already amazing life.

Shortly after an Adirondack mountain jury freed the fabulous golfing pal of movie stars, officials of the Paramount studios announced in Hollywood that "Mysterious Montague" had signed a contract amounting to \$1,000,000 in seven years.

The pact was signed with Everett Crosby, Bing's older brother, and calls for appearance on the radio, in pictures and as a professional golfer competing in the nation's most valued tournaments, studio executives said.

Montague's first radio appearance probably will be on Bing's next program, they said. Tentative plans also call for a series of golfing movie shorts, and a part in Bing's next picture.

Here, however, as the dimpled mystery man of gold read congratulatory telegrams on his acquittal, he refused to discuss future plans at length but said he hoped to find permanent residence in the motion picture land where he won acclaim by his extraordinary golfing feats.

"I hope eventually to get back to Hollywood," he told happy friends after a jury acquitted him of looting Kin Hana's roadhouse of \$700 back in 1930, when he was known as Laverne Moore. "There's no place I would like better to make my home than in California."

"Just say I am the happiest man in the world," he told interviewers. NOT GUILTY

Only a few hours before a jury of 12 manual laborers walked into a jammed little, old-fashioned courtroom and handed down the verdict:

"We find the defendant not guilty of first degree robbery."

The spectators jumped to their feet and cheered lustily; Montague was all smiles.

But clearly, Presiding County Judge Harry E. Owen, banged his gavel, ordered the spectators out of the aisles and looked sternly at the jury.

"Gentlemen, this verdict is not in accord with what I think you should have returned. That, however, is up to you."

BALANCE BUDGET

Taxes are so unpopular, especially with me, that if there were to be levied a tax on every tax, it would not only balance the national budget but it would make taxes so unpopular that they would stop, and then there would be no more taxes, and no more taxes on tax-taxes, or on tax tax taxes, which would be sure to follow.

And then I could dig my capital out of the capitol and there would be no more taxes, which is a desirable thing. Except carpet taxes. They are fundamental, so to speak.

(Tomorrow: "Why I Favor Salary Cuts.")

Silver Cort Has Hallowe'en Event

Ladies and Past Masters of Silver Cort Masonic lodge were honored at a Hallowe'en dinner attended by more than 150 persons last night at the temple.

Master Frank C. Arnim presided, and introduced Arthur Wilde, who presented two accordion solos, and the Rev. W. J. Hatter, who spoke briefly.

During lodge meeting, ladies enjoyed a session of bridge with Mrs. John J. Vernon acting as hostess. Fifteen tables were in play, with prizes going to Mrs. Harvey Dimmitt, Mrs. Francis Hill, Mrs. Anna Hoffman and Mrs. William Iverson.

20-30 Club Sees Automobile Film

A three-reel motion picture on automobiles was shown as feature entertainment of last night's meeting of the Santa Ana 20-30 club in Danziger's tea room. Lee Smith was program chairman.

The club made plans for a stag party at the Cliff House near Newport Beach next week.

Three Women Are Hurt in Crash

Three Los Angeles women were injured when their car and one driven by Paul D. Dutton, 30, 402 West Chapman avenue, Orange, collided at the "blind" intersection of Brookhurst and La Palma avenues yesterday.

Injured were Mrs. C. M. Weber, 65, driver, Mrs. I. Weber, 50, and Mrs. C. P. Smith, 47.

Only an intimate friend or a relative should be asked to act as a child's godmother or godfather.

Scout

Mrs. Frederick H. Brooke of Washington, D. C., elected president of the American Girl Scouts, at the silver jubilee celebration in Savannah, Ga. She succeeds Mrs. Herbert Hoover, who became an honorary vice president. Mrs. Brooke, the wife of an architect, is a popular Washington hostess and a devotee of gardening. She is considered an "ideal woman."

Second, Lopez's assertion that he did not know how to drive was believed refuted by information that he had purchased gasoline several times a few years ago, and that he had bought gasoline again less than two weeks ago.

On the issue Lopez could not drive, the search for his wife's body—if she actually is dead—had been limited to walking distance from the Lopez home on Cypress street in Orange.

VETERANS HEAR TRAVEL TALK

Describing his recent trip around the world, A. J. Lasby spoke last night at a meeting of the Calumet camp and auxiliary, United Spanish War Veterans, in the Knights of Columbus hall.

Mr. and Mrs. Lasby and Mr. and Mrs. J. Frank Burke have just returned from the world-encircling jaunt. His talk particularly stressed the recent developments in Russia.

More than 100 veterans and their wives turned out for the dinner meeting, which was under direction of Mrs. Jane Winter, auxiliary treasurer.

Com. Jim Sullivan of the Santa Ana V. F. W. post gave a short talk urging greater cooperation among the various veterans' organizations and invited the Spanish-American war veterans to attend the annual V. F. W. installation Nov. 5.

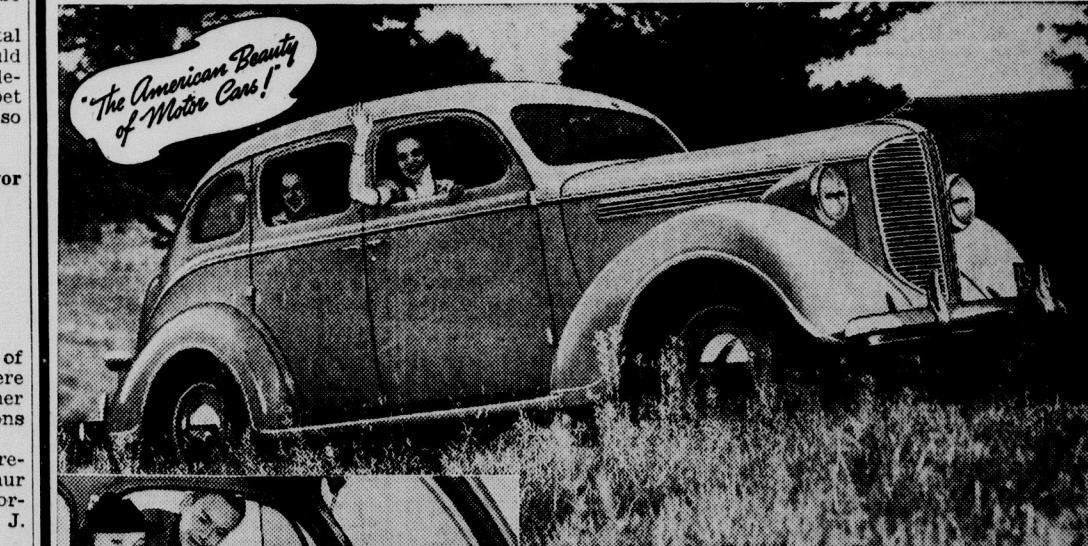

New State Water Director Named

SACRAMENTO, (P)—George I. Gunston has been named administrative assistant of the state division of water resources at a salary of \$400 a month.

Earl Lee Kelly, director of public works, made the announcement today, stating the governor has confirmed the appointment.

Gunston succeeds the late J. J. Haley, veteran water development authority who died recently.

IT'S HERE NOW! THE SEASON'S SMASH HIT THE NEW 1938 DODGE

The Most Beautiful Car Dodge Ever Built...with 47 Progressive New Improvements and Refinements...Yet Still Delivers for Just a Few Dollars More Than Lowest-Priced Cars!

NOT ONLY the most beautiful car, by far, that Dodge has ever built, the big new '38 "American Beauty" Dodge offers no less than 47 new improvements in riding, driving, appearance and performance to give you more plus value than ever!

See the new front-end ensemble with its sparkling new radiator grille...new fender and headlamp design...new modern-styled hood louvers. Check its new "Simplified Driving" Control...938 patented Floating Power engine mountings, still further improved...1938 "Silenced Air Ride!"

And above all, this new '38 Dodge gives you every improved money-saving feature that caused owners everywhere to report 18 to 24 miles per gallon of gas...saving up to 20% on oil. See this new Dodge today! Learn how you, too, can switch to Dodge and save money!

Tune in on the Major Bowes Original Amateur Hour, Columbia Network, every Thursday, 9:00 to 10:00 P. M., E. S. T.

DONS CARRY EDGE IN WEIGHT AT POMONA

Swimming Star

Leading honors for the All-America swimming, diving and water polo team for 1937 were taken by Ralph Flanagan, above, of Miami, Fla. Flanagan was selected as the outstanding swimmer for the 440, 500 and 880-yard free-style, and the 1500-meter and 1-mile events. He also was named captain of the All-America swimming squad.

ODDS and ENDS

By PAUL WRIGHT

Tom Denney, Santa Ana nightbal veteran who coaches football at Roosevelt High school in Los Angeles, got off to a good start in Los Angeles City league competition when his Rough Riders bowled over Belmont, 27 to 0. Roosevelt is tied with Los Angeles, Manual Arts, Huntington Park and Fairfax for the prep grid lead.

H. E. (Dad) Secrest, genial custodian who retired from the Santa Ana school system after nine years of service, has prolonged his stay at Big Bear.

He has developed a healthy tan, and likes to hike and fish while not chatting with Mrs. Secrest. I know he likes to fish because he sent me—with his son John as messenger—two choice trout.

Eastern J. C. conference fans cannot understand how Riverside trampled Fullerton, 19-0, yet San Bernardino (which tied Santa Ana 7-7) could gain only a 13-6 victory.

For one thing, there was a heavy fog that night, and San Bernardino's passing attack was not clicking up to par.

The San Bernardino coach, Doug Smythe, had this to say: "Fullerton has the second strongest team San Bernardino has played this season. Only Santa Ana was stronger."

Riverside Poly's Bears will be seeking a comeback against Santa Ana's Saints here Friday afternoon. They have dropped two straight in Citrus Belt league company (14-6 to Pomona and 7-0 to Chaffey) and their followers believe it's about time for Riverside to go the other way. An impressive practice game record indicates Riverside should start winning again soon—the Tigers drubbed Corona 27-14, Pomona college freshmen 14-6 and Redlands college freshmen 19-0 before hitting the toboggan.

A few hours climb in the Great Smoky mountains, from river valley to the peaks 5000 feet above, will disclose in succession the same plant life zones to be found in traveling northward from the latitude of southern Tennessee to that of central Canada.

Lionettes Earn \$530 For Charity

L. A. TOURNEY DONATIONS ARE \$4846

Second-Place Money In Softball Goes To Orange Lions

Orange's Lionettes, one of the best girls' softball teams in the Southland, brought \$530.80 into the Orange Lions' charity fund as a reward for gaining the finals of the recent Southern California tournament in Los Angeles.

Southern California charities were enriched to the extent of \$4846.41 in play conducted by the Examiner.

Contenders in the tournament annually are privileged to name the charities to which they wish donations to be made, the size of the donations depending on the position in which the donating team finishes in the tournament.

Orange's girls were second in their division.

President Ray Arguello of the Orange Lions has appointed a committee to decide what will be done with the money.

Luckman Bids For Post on All-America

By TOM PAPROCKI

So far as Robert Louis Hoffman is concerned, the search for the all-America left halfback is over. His choice begins and ends with Luckman, Columbia's brilliant junior.

The season may be only one-third completed, Hoffman admits, but with a vehemence which only an embryonic Blackstone such as he can muster, he argues that in three games this season Luckman did enough to earn a place on anybody's mythical team.

"In three games—against Williams, Army and Pennsylvania," he points out, "Luckman found receivers for 30 of 55 attempted passes for a total gain of 439 yards. He tossed two touchdown passes against Army and repeated the performance against Penn. Eighteen of his passes found their mark in the Army game for 202 yards. Five of the seven tosses he made against Penn were completed for 117 yards. Pitching like that should entitle him to a place on the team even if he had nothing more.

"But Luckman's usefulness doesn't stop there. He can carry the ball with the best. He showed that against Army when he took a kick-off on his own 20-yard line and raced through the entire Cadet team to score. And again, against Penn, when he took the ball over the goal, gained 66 yards from scrimmage and picked up 78 yards on punt run-backs and one interception of a Penn forward pass.

"Doesn't that convince you that Luckman springs from the mold from which all-Americans are made?"

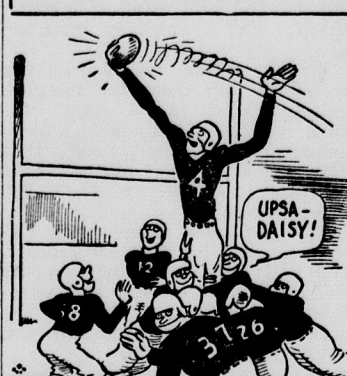

It is very impressive. But three games hardly make a season. You do have to admit that if Sid Luckman carries on at the same blazing pace it is going to be very difficult to keep him off the honor roll.

Sports Mirror

Today a Year Ago — Frank J. Shaughnessy, author of league play-off plan, elected president of International League.

Three Years Ago — Mrs. Leona Cheney won women's western golf title for third time; Navy defeated Pennsylvania 17-0, before 60,000; Princeton routed Cornell, 14-0.

It Happened on The Gridiron

In 1933, Oregon State originated the "pyramid play." When a team scored on O. S. and lined up for the try-for-point, Oregon State's tackles boosted their 6-foot-6-inch center into the air to block the kick. The unusual move proved successful twice in that season—By Alonzo L. (Lon) Stiner, Oregon State.

CAPT. EYSTON DELAYS UTAH SPEED TESTS

BONNEVILLE SALT FLATS, Utah. (AP)—Captain George E. T. Eyston, poised for a long-delayed speed run, awaited the whim of this freak salt course today before deciding which of his two racing machines to use and which of the world records to seek.

If the returning heat of the day brings to the salt a degree of softness, he said, he may use his "Speed of the Winds" in an attempt to better the world mark, held by Ab Jenkins of Utah, of 160 miles an hour for a 12-hour run.

If on the other hand the rising sun fails to draw moisture to the salt surface, he may make the really spectacular attempt—to better in his "Thunderbolt" Sir Malcolm Campbell's land speed record of 301 m. p. h. for one mile.

Both the Jenkins and Campbell records were established on this speed-involving but capricious desert of salt—the former this summer and the latter two years ago.

"If the salt 'sweat' on the straightaway is as bad as it was yesterday I shan't be able to make the mile run and probably shall attempt a distance run on the 10-mile circular course," said the taciturn Englishman.

"Snow will start falling one of these days—I can't wait around much longer."

SAINT SOPHS VS. BEARS

Anticipating the toughest game of their schedule, Reece (Pinkie) Greene's Santa Ana High school sophomores travel to Riverside to meet the city of Santa Ana in Citrus Belt league football.

The "Little Saints" swamped Redlands, 32-0, and blanked Chaffey, 13-0, in their first two starts. Riverside piled up four touchdowns on Chaffey in the Bearlets' opener last week, and regards Santa Ana as the team to beat for the title.

SAINT GRID VARSITY STRESSING PASSES

Looking for plenty of trouble from Riverside High school Bears here Friday afternoon, Coach Bill Foote has been sending his Santa Ana Saint gridriders through plenty of pass defense work in expectation of a barrage of aerials.

Only one change is being contemplated in the opening lineup. Wilhelme Piper, one of the fastest boys on the squad, will open at right half in place of Marvin Webb. The right tackle post is still open between Larry Stump and Bob Webb.

Six Share Lead In Billiards

PHILADELPHIA. (AP)—Pocket billiard experts of the United States entered the second stage of the round-robin world's championship tournament today with six tied for the lead.

Sharing first place with Ralph Greenleaf, of New York, defending champion and 15 times world's champion, were Benny Allen, of Kansas City; Willie Mosconi of Philadelphia; Charles Seaback, of Boston; Marcel Camp, of Detroit; and Erwin Rudolph of Cleveland. Mosconi, Camp, Seaback and Rudolph triumphed yesterday while Greenleaf and Allen won matches Monday night.

Fights Last Night

SAN JOSE, Calif. — Small Montaña, 109½, Manila, former world flyweight champion, and Jackie Jurich, 111, San Jose, drew (10).

NEW YORK. — Solly Krieger, 164, New York, technically knocked out Eddie Maguire, 160½, Ireland (7).

BRUINS HOPE FOR BEARS' LETDOWN

U. S. C. Entrains for North Tomorrow To Battle Cougars

LOS ANGELES. (AP)—As head football coach of the U. C. L. A. Bruins, Bill Spaulding bespoke a two-way prayer today.

He hopes his charges will be keyed up for the game with California Saturday—and that California will be keyed down after its supposedly crucial conflict last week with Southern California.

The Bruins went through another brisk workout today. It was hard, but typically a Bruin workout, minus the intent seriousness of their cross-town neighbors—the Trojans—before a big game.

As a whole, the squad is in good condition. Fullback Billy Bob Williams, a pain last year to California, is still bothered by a sore back, but has been scrimmaging all week.

TROJANS ENTRAIN FOR NORTH TOMORROW

LOS ANGELES. — Ready for their second trip away from home on successive week-ends but hoping this one won't be as disastrous as their invasion of Berkeley last Saturday, the Trojans of Southern California wind up their home field training for Washington State today and will leave tomorrow at 7:45 a. m. to meet the Cougars Saturday at Pullman.

The Trojan party will travel by special train which will stop twice en route for work-outs. First drill will be tomorrow at 2:45 p. m. in Pullman, and second will be Friday afternoon at Salem, Ore. The special train will reach La Crosse, Wash., at midnight Friday and will remain there on a siding until Saturday at 9:30 a. m. when it will resume its trip to Pullman, arriving there at 11:30 a. m.

A quick trip home on the special train will bring the Southern Californians back to Los Angeles early Monday in time for classes.

Spirits of the Trojans were quick to rebound after their 20-6 thumping at the hands of the California Bears Saturday, and efforts to hide the ball and the point of attack have been repeated in the reports show. Spinners and fake spinners, single, double and fake reverses abound and the forward pass never has been employed with greater proficiency.

Mal Stevens, N. Y. U. coach, offers a solution for the play's gradual diminishing. "It's too hard to teach when a coach doesn't have unlimited time to work with his players. Then, too, it takes a mature player to use it. Youngsters are liable to tighten up when hit and they have to lateral before contact is made to be effective."

Three years ago Colgate's Red Raiders knocked New York fans out of their seats with four-man downfield laterals, laterals which started forward pass plays, and laterals on the end of forward passes. That day, against Tulane, it wasn't football, according to the Southerners, it was a black magic.

Now, like Ohio State, Colgate has turned loose its reserves of power Colgate, struggling to gain a major victory, has given the lateral play the go-by. It may be treason, but Kerr is talking straight football and his boys are playing it.

DONS GET NEW SCOREBOARD

Erection of a new scoreboard for the Municipal bowl has been started by the city of Santa Ana which will be similar to the board used by Fullerton High school and Jaycee. It will be completed before the Dons entertain Riverside Jaycee here next week.

The scoreboard will show the progress of the game from downs and number of yards to go, and the score by quarters.

'BIG BOY' BRAY WHIPS ROPER

LOS ANGELES. (AP)—Youth and strength proved too much for Veteran Jack Roper, local heavy-weight, and he dropped a 10-round decision to "Big Boy" Bray, Oklahoma-born negro, last night.

Bray, weighing 207, pressed the bout, and while he shook Roper from head to foot in the seventh, nearly went down himself in the ninth from a two-fisted barrage. The towering negro kept Roper's main weapon, his left hook, clamped down most of the fight.

Wrestling Last Night

NEW YORK. — Jesse James, 190, Hollywood, Calif., threw Steve Passas, 188, Greece.

BOSTON. — Steve (Crusher) Casey, 228, Ireland, threw Tor Johnson, 365, Sweden.

Y.M.C.A. Quintets Play Tripleheader In League Tonight

Basketball will be plentiful in a tripleheader at the Santa Ana Y. M. C. A. tonight.

Resuming second-round competition in the Y. league, Treaswest Products will play the Excelsior Creamery at 7 o'clock in the first game.

Al's Lock and Key Shop will meet Patterson's Dairy in the second game at 8 o'clock.

Wilson's Dairy will engage Penhall Brothers of Westminster in the third game at 9 o'clock.

There will be a 10-cent admission for the three games.

LATERAL PASS EXPIRING IN U.S. FOOTBALL

By DREW MIDDLETON

NEW YORK. (AP)—The lateral pass, two years ago the people's choice as football's most exciting bit of play, is quietly expiring in the nation's stadia.

From the outset the coaches looked on the lateral with suspicion. Even two years ago, when fans and writers were loudly hailing the "new type of offense," the men who shape the football styles with a conservatism worthy of a senator from Vermont were opposed to the play's general use.

The lateral's two most inspiring protagonists, "Fat and Andy" Kerr of Colgate and Francis Schmidt of Ohio State, now are casting sheep's eyes at the old standbys and foregoing the quick transfer in the open field.

"The lateral pass is a nice play to watch, but dangerous," says Lou Little, Columbia maestro. "Dove-tailed into a balanced offense it is a factor, but not an important one in advancing the ball."

Hooks Mylin, mentor of Lafayette's unbeaten, untied and unscattered on eleven, backs Lou up. "It's a great play to see done well, but often it is costly to the offensive team."

A survey of 20 of Saturday's major games shows not one of the 40 teams resorting to lateral legdemain for scoring plays. But efforts to hide the ball and the point of attack have been repeated in the reports show. Spinners and fake spinners, single, double and fake reverses abound and the forward pass never has been employed with greater proficiency.

Mal Stevens, N. Y. U. coach, offers a solution for the play's gradual diminishing. "It's too hard to teach when a coach doesn't have unlimited time to work with his players. Then, too, it takes a mature player to use it. Youngsters are liable to tighten up when hit and they have to lateral before contact is made to be effective."

Three years ago Colgate's Red Raiders knocked New York fans out of their seats with four-man downfield laterals, laterals which started forward pass plays, and laterals on the end of forward passes. That day, against Tulane, it wasn't football, according to the Southerners, it was a black magic.

Now, like Ohio State, Colgate has turned loose its reserves of power Colgate, struggling to gain a major victory, has given the lateral play the go-by. It may be treason, but Kerr is talking straight football and his boys are playing it.

Racing Will Bring \$2,000,000 Into Business Channels

LOS ANGELES. (AP)—Horse racing as a major industry will bring more than two million dollars to Southern California during the winter from Christmas day through March 12, officials of the Los Angeles Turf club, which operates Santa Anita track, estimated today.

Horsemen's expenditures alone, based on figures supplied by the California Horse Racing board as to registrations and estimates, would amount to approximately \$18,000 a day, or \$1,425,120 for the meeting, the track management concluded.

It adds a payroll of \$1,015,000 to the club employees and employees of the operating concessions to boost the total to \$2,440,120.

Approximately \$29,000,000 went through the pari-mutuel machines at the track last year, but the turf club is not willing to predict what the amount will be for the next running.

ARIZMENDI TO BATTLE DAY?

CHICAGO. (AP)—Promoter Mickey Farr had negotiations under way today for a bout between Davey Day, Chicago contender for the world lightweight championship, and Alberto (Baby) Arizmendi of California, at the Chicago stadium Nov. 19.

Farr sought Arizmendi when he failed to sign Lightweight Champion Lou Ambers.

'STOP CASEY' WAR CRY OF SANTA ANANS

Friday's Rival Has Fast Backs Behind Light, Speedy Line

Santa Ana's Don gridriders, who had all they wanted of a fast-charging line in a 7-7 tie at San Bernardino two weeks ago, face another "pony forward wall" Friday night when they go up against Pomona Junior college there. The game will have an important bearing on the Eastern conference football championship.

Pomona averages 173 pounds to the man, while Santa Ana tips the scales at 185 pounds.

HAVE FAST BACKFIELD

The Cossacks boast one of the fastest backfields in the Eastern J. C. conference, with a little man in Bud Gray, ace passer and ball paker, and a big fast man in Co-Capt. John Casey, who is deadly for his left-foot punting and his powerful line smashes. The backs average 164 pounds. Casey, in spite of his 180-pound frame, showed last year that his 10 flat record in the 100-yard dash is no fluke, for he is equally fast in a football suit. The Dons must stop him to win.

Santa Ana's backfield will average nearly 170, varying upon whom their bronzed mentor sends in there to start. Oliver McCarter and Mac Beall at quarter and full are likely choices, but Blas Mercurio and Larry Timken may get the starting call. Charles Mueller

TICKETS GO FAST

In order to avoid congestion at Pomona, Santa Ana officials urge Don fans to purchase their tickets at Al's Lock and Key Shop, Walker's Sporting Goods store, Neal's Sporting Goods store or the Santa Ana Book store. Nearly 500 tickets had been sold here by noon today.

is the lightest at 165. He will probably team with Carl Lehnhardt at the blocking posts.

Gray, who weighs in at only 145, is a more elusive ball paker than Casey, and can find his target when it comes to passing. With better blocking from Casey, the little fellow may be sprung into the open against the Dons.

Pomona has a ball-hawking club which may cause the Red and Black lots of trouble. Ends O. D. Morris and Willie Reynolds, who calls signals in the huddle, and Tackles Rex Whittemore and Ken Daniels, two powerful linemen who weigh 195 and 190, respectively, are especially adept at getting under punts.

AT FULL STRENGTH

Carl Smith at left half rates as one of the best blockers. Pomona's backfield will be at its full strength if Ellsworth Booth, a regular who has been injured, gets into the starting lineup. Reuben Cespedes will open in his place if Booth isn't in shape.

Perry Moss, dynamic 155-pound running guard, is one of the line's chief threats as a blocker.

Here are the Don forwards' weights: Erwin Yonel, 165; Ted Develbiss, 170; Rusty Roquet, 210; Bob Faul, 175; Joe Crawford, 195; Dick Tauber, 205, and Danny Boyd, 175.

Here are the Pomona front-line weights: Morris, 155; Reynolds, 170; Whittemore, 195; Daniels, 190; Gordon Rhoads, 180; Moss, 155; John Biller, 165.

Budge Unhurt in Auto Accident Near Bakersfield

PASADENA. (AP)—Donald Budge, world's amateur tennis champion, was resting at the home of Ellsworth Vines, tennis pro, here today after having wrecked his automobile en route from Oakland.

The Davis cup player dozed at the wheel of his car, in which he was traveling alone yesterday afternoon, and it left the highway on a curve near Bakersfield, jumped a ditch, plowed through a fence

OLDTIME GOLFERS SUPERIOR TO TODAY'S YOUNGSTERS -- QUIMET

By BERNARD FREEMAN

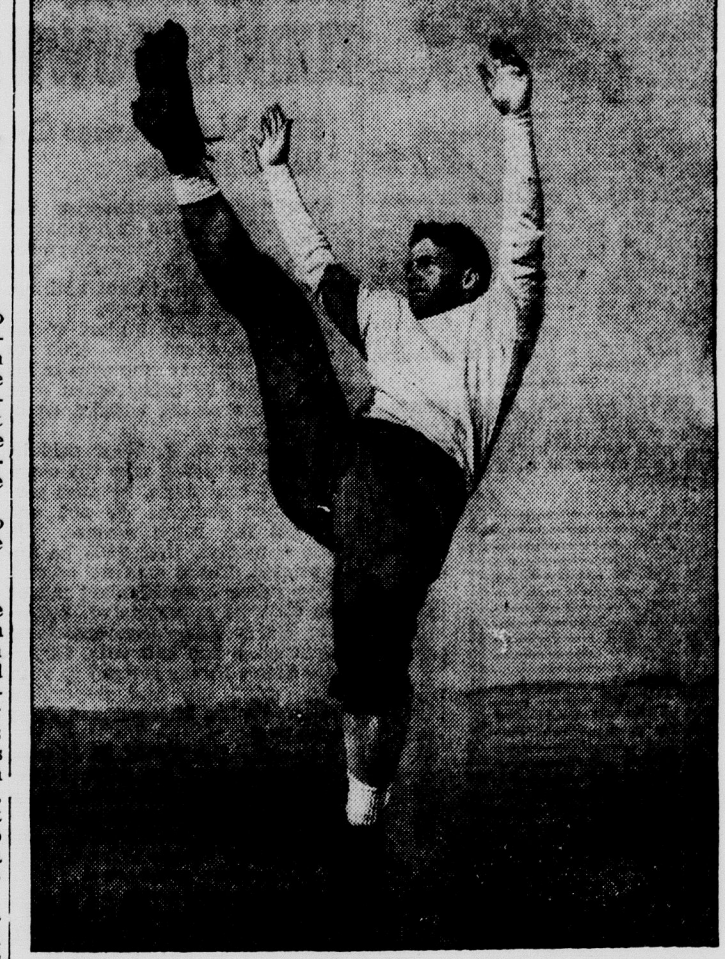

BOSTON. (AP)—Francis Quimet, three-times Walker Cup team captain, thinks highly of today's young golfers "but in my opinion they can't come up to our internationalists of 1920 to 1930, and they don't know the rules as well, either."

The one-time national amateur and open champion is a busy man these days in his brokerage office, with the stock market acting up, but he always finds time to talk golf. He likes especially to explain why he's helping the Massachusetts Golf association to educate the golf public on rules.

"Out at the national amateur championship at Portland, Ore.," he related, "I saw numerous cases of rules violations. The most flagrant one, I should say, was by younger players who Cup team stumped down the line of their putts with their clubs."

"Now, the rules allow you to brush away impediments with a club, but you mustn't apply any weight. Yet it was a frequent occurrence.

Something to 'Crowe' About

Emmett Crowe of Lafayette, Ind., '37 quarterback, is the seventh member of an Irish family to represent the Irish of Notre Dame in athletics. In an unparalleled record, the Crowes have furnished Notre Dame three captains, holders of 16 athletic monograms.

OAKLAND NINE LOOKING FOR NEW LEADER

OAKLAND. (AP)—The Pacific Coast league Oakland Oaks are looking for a new manager to replace Bill Mezer, who was transferred to the Kansas City club of the New York Yankee farm system.

President Vic Devincenzi of the Oaks said he was considering two proposals made by George Weiss, general manager of the Yankee circuit, for the position but he would reveal no names.

Applicants for the job, Devincenzi said, include "Wee Willie" Ludolph, veteran Oak pitcher; Spencer Abbott and Dutch Ruether, former Seattle managers, and Eddie Moore, manager of Atlanta for the last two years.

SEATTLE CLUB AFFAIRS IN TANGLE

SEATTLE. (AP)—Seattle baseball club affairs will remain in their tangled state at least until Nov. 18, when stockholders will gather to discuss new ownership of the Pacific Coast league team.

A meeting was to have been held Friday, but it was delayed because of the state tax commission's legal action in asking a receivership for the club.

Officials said postponement of the meeting meant Pres. William H. Klepper would represent the club at the league's meeting in California Nov. 8.

Dissatisfaction over handling of the club broke out in the final week of the season, with stockholders demanding a new "front office." Klepper and John Savase, principal stockholders, expressed willingness to sell, but prospective purchasers said they set their price too high.

and turned over several times. An x-ray examination at Bakersfield disclosed no broken bones and Budge said today he would "be all right in a couple of days."

"I feel as if I had been tangling with Strangler Lewis and the machine gun like a two dollar accordion," he said today.

He is scheduled to leave Nov. 10 with Gene Mako, his Davis Cup doubles partner, for a series of tournaments in Australia.

Back-headed Ed Cherry, half-back for Hardin-Simmons U. at Abilene, Tex., has averaged better than 10 yards per gallop in the four games the Cowboys have played and won. He has scored seven touchdowns.

JAPANESE SEIZE LINER AND CREW

Ship Confiscated But Sailors Are Released

HONGKONG. (AP)—The German captain, Danish chief engineer and Chinese crew of the steamer Tschekam arrived from the Japanese-owned island of Formosa today saying Japanese had confiscated the ship.

The captain said his ship, flying the Panamanian flag, was stopped by a submarine Oct. 1, and later boarded by a party from a Japanese cruiser 100 miles south of Hongkong.

Japanese said the ship had been transferred from Chinese to Panamanian registry Aug. 29, four days after Japanese announced they would not recognize such transfers.

The ship had been bound to Hongkong with a cargo of live-stock and French mail.

NEW LA SALLES ARE DISPLAYED

The 1938 LaSalles, the most luxurious cars in the 35-year history of the company, now are on display at Knox Bros., 519 North Siyamore.

Bigger and more comfortable than any preceding series, the new cars boast several major advances that add appreciably to motoring pleasure.

First on the list of 1938 improvements, said Claude Knox, is a new method of control. "We are not yet prepared to discuss details of this feature," Knox added, "but I can say it is revolutionary in character. The development increases operating ease as well as the comforts of driving."

The result of patient study in the laboratories and on the road is a car that is larger in body dimensions, yet possesses the flexibility of performance and economy in operation of much smaller, less comfortable vehicles.

"LaSalle has always been proud of its fine bodies," said Knox, "and the 1938 examples are no exception. Designers have taken full advantage of the compact engines to build greater commodiousness and luxury into the passenger compartments. Leg room, head room and seat widths have been increased."

LOCAL MEN AT NEWS MEET

Eight Orange county men attended a dinner meeting of the Los Angeles alumni chapter of Sigma Delta Chi, professional journalism fraternity, in Los Angeles last night at the Stock Exchange club.

Included in the group were Frank Rosapaw, publisher of the Placentia Courier; Duane Kipp of the Laguna Herald; John McCoy, journalistic instructor at Santa Ana Junior college; Millard Browne and Frank Orr of The Journal; Paul Neff and Bill Tway of Santa Ana, and James S. Lawhe, manager of the Huntington Beach company.

Speakers at the informal session included Arthur Caesar, author of "Manhattan Melodrama," Neal Van Soly, publisher of the Azusa Herald; Jack James, Los Angeles sports writer; Nick Grinde, movie director; Merle Armittage, Los Angeles impresario and author; and Bob Elliott, labor editor of the San Francisco News.

Auto Antics Seen By Civitan Club

Civitan club members saw automobiles jump over obstacles, roll over and perform other stunts in an educational motion picture presented yesterday afternoon by J. W. McCain of the MacMullen Chevrolet company. A newsreel and educational picture also were shown to members of the service club, meeting at Daniger's.

New members taken in during the meeting included Carl E. Jensen and Russell Morgan.

GOLD STATISTICS
MINNEAPOLIS, Minn. (American Wire)—If all the gold in the world discovered since 1492 was melted in one lump it would make a cube only 41 feet on an edge, according to computations of Prof. William H. Emmons of the University of Minneapolis, author of the book, "Golden Deposits of the world." Value of the gold is \$41,821,962,560, he said.

Hair stylists predict much more elaborate coiffures this winter. Elaborate curls, ornaments and even lacquered hair will be much in vogue.

New Dodge Line Presents Its Claims to Public Approval

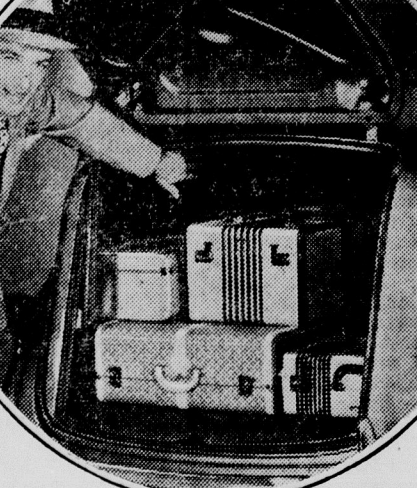

Forty-seven progressive improvements are embodied in this new Dodge 4-door touring sedan—and in the nine other models.

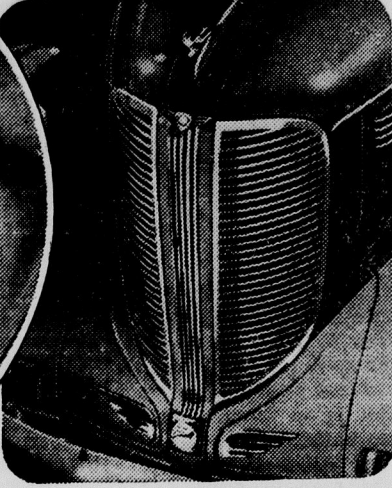

Beautiful, comfortable, and economical to operate—this new Dodge 2-door touring sedan will make many friends for itself.

The graceful, sturdy fender construction of the newest Dodge cars is seen here. Headlamps are embedded in the fender arches.

Twenty per cent more luggage space is achieved by carrying the spare tire vertically and by other changes in trunk construction.

Air-streamed beauty of an impressive and substantial order is noted in this head-on view of the new Dodge models.

'GANGSTERS' IN NICKEL GAME?

Have "gangsters" entered the nickel machine "racket" in Orange county?

This possibility was indicated in Huntington Beach today when John L. Akerman, Orange, reported to police that someone had broken into his car, taking \$18 in nickels, more than 100 keys used to open the coin-in-the-slot contraptions and a bag of tools used to operate on ailing machines.

Seriousness of the loss was observed in the fact that the keys could be used to remove profits from the rich-paying devices. Another theory, instead of gangsters trying to "muscle in" on the rich take of the county's machines, was that some passers-by, tired of seeing his nickels evaporate, had taken this means of replenishing his nickel-shy purse.

Akerman's car was parked on Main street in Huntington Beach Monday night when the theft occurred, he reported.

Bornholm is a Danish island in the Baltic Sea which has a population of about 50,000. Chief industry on the island is pottery making.

Auto Unveiler

Leland Johnson, Lincoln division manager of the Ford Long Beach Branch, who unveiled the new 1938 Lincoln Zephyr at a meeting in Los Angeles last Friday.

George Dunton of the George Dunton company, local Lincoln-Zephyr dealers, met with newspapermen, distributors and salesmen from all over Southern California and Arizona in Los Angeles last Friday to view for the first time the new 1938 Lincoln-Zephyrs.

The dealer meeting was preceded by a press preview and breakfast. Leland Johnson, Lincoln division manager, Ford Long Beach branch, unveiled the new model.

Relics Indicate Poor Farm Land

WASHINGTON, D. C. (American Wire)—Uncovering ancient Indian sites may reveal dependable farming areas, according to Dr. Waldo R. Wedel of the Smithsonian Institution, who has just returned from excavating in the middle west. Indian farmers from time to time ventured to settle in semi-arid regions, prospering for a few rainy seasons, but abandoned their land in drouth periods, as farmers in modern times have done.

Harvard ranks first in number of alumni prominent in the theater with Columbia university second.

He announced that dealers will be aided by an intensive campaign featuring an increase in sales promotion and advertising appropriations.

Dunton along with the rest of the Lincoln-Zephyr dealers gathered later in the day for a luncheon meeting. After viewing the smartly styled car, which is reported to be one of the most changed cars of the year, Dunton enthusiastically stated, "We are preparing for the greatest sales year in the history of the Lincoln division of Ford Motor company."

Public showing locally of the 1938 models will be announced by Dunton in a few days.

HUNTER STOCKS BUCK STOVES

Orson H. Hunter furniture store on South Main street announces a complete line of Holly circulating heaters and Bucks gas ranges, both being manufactured by the Bucks Stove company which recently established a western branch factory at Culver City.

"Bucks, who have been making a complete line of stoves and heaters for over a period of 90 years," says Hunter, "have established such an enviable reputation on the west coast, that we feel justified in stocking the line complete, from the smallest heater to their best stove."

The musical pitch-pipe was the basis of the Chinese system of measures, of the calendar and of their astronomical calculations.

NEWS OF ORANGE COUNTY COMMUNITIES

PAVILION FOR BEACH GETS APPROVAL

Bids Called on New H. B. Convention Hall

HUNTINGTON BEACH.—Final steps toward construction of a \$50,000 beach pavilion were taken by the city council here last night when City Clerk Charles R. Furr was ordered to advertise for bids for construction of the building.

The council was called in a special session last night when word was received from PWA headquarters in San Francisco that the project had received final approval and work could start at once.

The formal application from Huntington Beach was for the amount of \$23,456. The remainder of the amount for the structure will be furnished from the city treasury. Voters authorized city officials to exceed the usual five per cent increase in the budget for the work in an election some time ago.

Officials were warned by PWA headquarters that bids for less than original estimates could not be accepted, but that bids for more than the original amount could be authorized if the city would make up the difference.

Work is expected to start within a short time on the beautiful structure, which will serve as a recreation hall, convention headquarters and dance hall for the city.

The council also was asked for \$467.50 in damages by William Ellis and E. L. Dockstadter of Long Beach for damages allegedly sustained when their car ran into a ditch at 13th street and Ocean avenue. The request was referred to City Attorney Thomas Kuchel.

ORANGE GUILD HAS PARTY

ORANGE.—Trinity Episcopal guild members were given a Halloween party in connection with their regular meeting Tuesday afternoon at the parish house by the hostesses, Mrs. Stanley Lomax and Mrs. Jerome Westfall.

Mrs. Francis Edmund Smith presided during the business meeting, and announced the annual meeting of the guild, auxiliary for the district at the Church of the Messiah, Santa Ana, today. Attending are Mesdames Jerome Westfall, Alice Smith, Stanley Lomax, B. J. Morey.

An orangewood gavel, made by B. J. Morey, was presented to the guild. Thanks were extended by C. Armstrong for his gift of 60 pounds of chickens, given each year to the guild on the occasion of the first meeting of the Orange Men's club, whose dinner the guild prepares.

BREA.—Mrs. Elmer Guy, chairman of the council for Y. W. C. A. work in Brea, met with her council group at her home this week, and planned the fall activity, as well as the cooperative program with the North Orange county council in raising funds for the work.

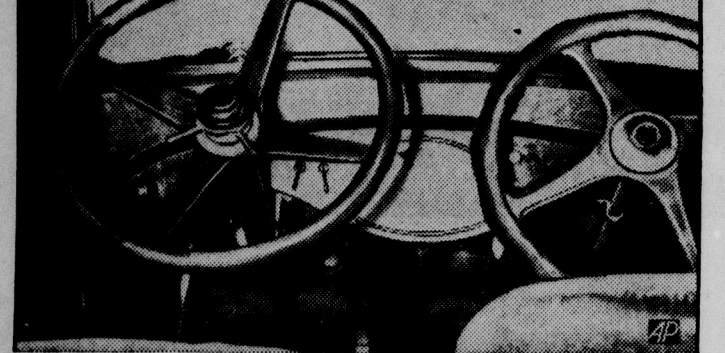

At this meeting five girls, Shirley Beckman, Helen Harvey, Eleanor Gheen, Betty Ann Griffith and Barbara Jean Smith provided a program by presenting a skit. Others attending included Mrs. W. E. Griffith, Mrs. C. O. Harvey and Mrs. Rosalie Williams.

Thieves Get \$50 From Laguna Man

LAGUNA BEACH.—Thieves entering Stan Johnson's service station through a window stole upwards of \$50 in cash, police were notified yesterday.

The robbery is apparently an out-of-town job, according to reports.

Back-Seat Drivers Get Front-Seat Job

If keeping a back-seat driver busy will put an end to that machine-age menace, then a Kaukauna, Wis., businessman has solved the problem. He has installed an extra steering wheel which gives the wife or other backseater an opportunity to climb into the front seat and do her or his own maneuvering. The little detail of connecting the extra wheel to the steering knuckle was overlooked... but quite intentionally.

Western Auto Sale Ends Saturday

As "Western Auto's" great Fall Festival of Value events closes Saturday, Oct. 30, the resident manager of the accessory firm advises local motorists to anticipate their car's need for safe, comfortable winter driving and take advantage of the concern's scores of specially reduced prices. Prominent features of the sale are the greater allowances being offered on old tires traded in on the purchase of new Western Giant tires and on old batteries traded in on new Western Auto batteries.

Garden Grove Church Class Has Halloween Party

GARDEN GROVE.—Freshman members of the high school department of the First Methodist church Sunday school were in charge of arrangements for a Halloween costume party in the church social hall Saturday evening.

Raymond Holt and Leroy Young as ghosts greeted guests at the door and escorted them through passages to the hall. All the usual Halloween sports and games were enjoyed under direction of Beatrice Kemp and Sadie Campi, while Mrs. Emmett Smith as a gypsy told fortunes.

The request was referred to City Attorney Thomas Kuchel.

the party went to Sadie Campi, while Walter Walker received the prize for being the most difficult person to identify. Adults attending were the department superintendent, Miss Velda Barnes, Dr. Charles P. Seitter, and the teachers, Mrs. M. R. Sprinkle, Gerald Will and Paul Applebury. Young people present were Dale Bauer, Leroy Young, Walter Clemons, Walter Walker, Orval Chandler, Raymond Holt, Muriel, Neal and David Sprinkle, Jean Holt, Sadie Campi, Betty Rae Barker, Barbara Schroff, Betty Sorenson, Billy Davis, Beatrice Kemp, Rutha Wootton, Marjorie Merchant, Joyce Arkley and Betty Smith.

For the sake of comfort and safety the motor car owner should anticipate his winter motoring needs now and completely equip his car before winter weather sets in, and for the sake of economy he should do this before Oct. 30 in order to take advantage of the extra savings offered during the Western Auto company's fall festival of values, according to Bob Harness, local manager of the accessory firm. "Sure gripping tires are of paramount importance to motoring safety during winter months," Harness declared, "and in order to aid motorists in replacing smooth, worn tires, we are offering extra trade-in allowances on those old tires when traded in on new Western Giants with scientifically designed treads for safe non-skid traction on any highway."

LAGUNA GARDEN CLUB ELECTS

LAGUNA BEACH.—Meeting in the patio of Hotel Laguna for their annual election of officers, the Laguna Beach Garden club recently named the following leaders for the coming year:

President, Mrs. Lulu Huff, first vice president, Mrs. Gene Douglas, second vice president, Mrs. Charles Petty; recording secretary, Mrs. Elizabeth Adeline Bonner; corresponding secretary, Mrs. Alfred Monroe Simmons; treasurer, Mrs. Simmons.

Mrs. Fannie Bell Streeter Cowlick, retiring president, presided.

The speaker of the afternoon was Mrs. Opal Scarborough of Los Angeles, prominent newspaper and radio garden authority.

Sewing Club Members Meet

ORANGE.—Mrs. Lloyd Doncaster was hostess to members of the Chat and Sew club Tuesday evening at her home on West Alameda avenue. The next meeting will be held at the home of Mrs. Dale Griggs in Santa Ana.

Present were Mesdames Earl Wood, Oliver Wickesheim, Earl G. Smith, Ensey Campbell, Wilbur J. Woods, Edwin Westcott, Carl I. Fisher, E. Frevert, Russell Stratton, Herbert Sturges, J. W. Powell and Miss Maude Sisson, Orange; Mrs. Ted Nail and Mrs. Dale Griggs, Santa Ana.

Mrs. Sylvia Steen Dies in La Habra

LA HABRA.—After a prolonged illness, Mrs. Sylvia Steen, 26, mother of Joyce Steen of La Habra, died yesterday at an Orange hospital. She also is survived by her husband, James M. Steen, and by her parents, Mr. and Mrs. Charles Stewart, and by six sisters and two brothers, all of La Habra. Funeral services are pending at McAulay and Suters mortuary, Fullerton.

Continue Fake Accident Quiz

LOS ANGELES.—(P)—Twenty-two additional persons today faced indictment as the county grand jury continued its investigation of an alleged fake accident ring that cost insurance companies \$500,000 annually.

The indictments, naming 14 physicians and six lawyers and returned secretly, brings the total of those accused to 38.

The grand jury is continuing with its investigation of more than 400 questionable accidents, and further indictments were predicted by the district attorney's office.

Cadets Named To Pensacola

WASHINGTON.—(P)—Aviation cadets selected by the navy for flight training at Pensacola, Fla., in the class now being held include selections from the Long Beach base as follows: Shelby P. Cole, Long Beach; Clifford A. Heggness, Hollywood; Robert E. McClean, Los Angeles; John H. McEvoy, Los Angeles; John H. Montgomery, South Pasadena.

'Y.W.' DRIVE OPENS FOR FULLERTON

FULLERTON.—All members of the councils of Y. W. C. A. in North Orange county met Tuesday morning for a united effort at raising funds for the coming year's activities, started their program with breakfast at the Ebell clubhouse in Fullerton.

Following completion of the drive, which is headed by Mrs. B. W. Robinson, a victory tea will be given at 4 p. m. Friday at the home of Mrs. Logan Wheatley in Fullerton.

Fifty-five women attended the breakfast and started on their campaign immediately afterward. They represented Brea, La Habra, Buena Park, Placentia, Olinda, Yorba Linda and Fullerton. The breakfast program included discussions of the program for raising funds, and short talks by Arch Raitt, head of the Y. M. C. A. work, Mrs. Robinson, Mrs. Albert Launer, Miss Edna Mumford, head of the Y. W. C. A. work of the district, and Mrs. A. J. Barnes.

BOYS HELD FOR CAR THEFT

LAGUNA BEACH.—Two San Bernardino youths, charged with stealing a car, are awaiting trial in San Bernardino today after having been apprehended yesterday by Officers Howard Allanson and Paul Johnson in Laguna Beach.

The 20-year-old youths, Robert Chase Misner, 3080 Stoddard, and Byron Fenton Johnson, 1936 Sepulveda street, San Bernardino, were given tickets in Santa Ana for speeding in a 25-mile-an-hour zone.

Santa Ana police immediately notified Laguna Beach police that the car driven by the youths was stolen, after a check-up on the traffic ticket.

San Bernardino deputies took Johnson and Misner into custody yesterday morning.

3 KILLED AS TRAINS CRASH

DANVILLE, Ill. (P)—A Wabash railroad passenger train en route from St. Louis to Detroit ploughed into a stalled freight train eight miles west of here late last night, killing three trainmen and injuring eight others.

Fire which broke out immediately after the collision destroyed the freight train and damaged a combination mail and smoker on the passenger.

The dead were Engineer Harry Draper of Decatur, Fireman Harry Poe of Decatur and B. F. Margert, 58, Butler, Ind., all of the passenger train crew.

Of the approximately 70 passengers aboard the 12-car train, only one, Mrs. Fred C. Brett of St. Louis, required attention.

LAY KEEL FOR BATTLESHIP

NEW YORK.—(P)—Laying of the keel of the \$60,000,000 battleship North Carolina, the first ship put under construction in the United States since 1920, headlined the city's Navy day program today.

At the Brooklyn navy yard, where the 35,000-ton super-dreadnaught, designed to be the most powerful afloat, is to be constructed, everything was in readiness for Assistant Secretary of the Navy Charles Edison to drive the first rivet.

Navy yard officials expressed hope the North Carolina would be able to take to the waves in 1941. Contract calls for its completion by August of that year.

Trio Feted at Birthday Party

GARDEN GROVE.—(P)—Birthdays of Mrs. Howard Barnes, Mrs. Percy Prior and Miss Elizabeth Brown were observed with a party at the Brown home on West Seventeenth street Saturday evening.

Present were Mrs. Myrtle Williamson of Riverside, Mr. and Mrs. Harold Holdsworth of Bakersfield; Mrs. Howard Barnes of Brea, Miss Elizabeth Brown and Louise Metje of Banning, Mr. and Mrs. Percy Prior, Mr. and Mrs. Len Wylie, Miss Velda Barnes, Garden Grove, and Miss Vesta Newsum of Ontario.

Seek More Ross Ransom Bills

WASHINGTON.—(P)—Federal agents sought today to trap the kidnapers of Charles S. Ross, retired Chicago manufacturer, by distributing lists of ransom bill numbers to thousands of filing stations.

The procedure, new in law enforcement technique, was adopted in belief the abductors might try to buy gasoline with some of the \$50,000 ransom.

Ross, 72-year-old manufacturer, has been missing since Sept. 25 when three gunmen forced him from his car and drove him away.

GROWING PAINS

By Phillips

"Don't pay any attention if he asks for something to eat, Mrs. Beldwin. We're supposed to wait until you offer it first."

TOWNSEND NEWS, VIEWS

By WALTER R. ROBB

The Associated Press recently dispatched the news from Chicago that "the Railroad Employees' National Pension association closed its seventh annual meeting on Oct. 13 with adoption of a legislative program calling for compulsory retirement of railroad employees at the age of 60 years. A maximum annuity of \$160 a month and a minimum one of \$75, for 30 years or more of service were among its proposals."

More and more the sentiment grows that principles included in the Townsend plan are correct and needed. The action of the above named association in placing the age of enforced retirement at age 60 is but another evidence indicative of what men are thinking these days. The difference between the recommendations of the Railroad Employees' National Pension association and the ones advocated by the Townsend movement are that under the Townsend plan when enacted into law there would be no compulsory retirement; but the reward for such retirement is made so alluring as to be effective nevertheless. The Townsend people believe in the continuation of democratic privileges and so do not desire to see people forced to retire from gainful employment but they do insist that if advantage is taken of the annuity privileges advocated that they must retire from gainful pursuits. That leaves every man free when he reaches the age of 60 to continue on in his chosen field of endeavor if he so desires but places before him the privilege of a generous annuity if he will voluntarily retire from competition with younger men for the jobs available.

Keep in mind that the Wackey family with their splendid capabilities as entertainers will make you laugh until your sides ache next Friday in Santa Ana. Townsend hall at 7:30 p. m. The Hurl-Lentz orchestra will furnish some fast stepping music and Judge George Deless Higgins of Los Angeles will be the Orange county Townsend mass meeting speaker. Announce this in your clubs and prepare to attend.

All you Buena Park Townsends better watch out or the ghosts will get you tomorrow night. Mary A. Ritter, corresponding secretary, writes that the "ghosts" will be at the Woman's club building at Eleventh and Grand but she doesn't say at what time.

GROWERS TO HEAR TALK

ORANGE.—Fruit Growers Exchange members have been invited to attend a meeting sponsored by the exchange Friday night at the Intermediate school in Orange to hear talks by officials concerning citrus markets and general business outlook, it was announced by Clarence Skiles, manager of the Orange County Fruit Growers exchange.

Speakers will be Paul S. Armstrong, general manager of the exchange and T. H. Powell, general sales manager. Both have recently returned from their annual eastern market survey.

Lum and Abner Receive Threat

LOS ANGELES.—(P)—Federal agents were investigating today the receipt of a note, saying "you're next," received through the mails by Chester Lauck and Norris Goff, known on the radio as Lum and Abner.

Miss Velma McCall, secretary to the comedians, told authorities she believed the note was an attempt at extortion. It was mailed from Los Angeles.

LAGUNA WINS HONORS FOR BOWLING

LAGUNA BEACH.—Guy Fulmer, official scorekeeper of the lawn bowling tourney held here over the week-end for 14 Southern California teams, announced today the final results of all games played.

Saturday and Sunday on the greensward at Heister street were 42 bowlers, with seven rinks in use at once. Laguna Beach came off with high honors the first day of play, the team skipped by J. B. Andrews. (Skipped—captained.)

Other results follow: Saturday's events:

Second prize—Pachappa, Wood's skip.

Third prize—Riverside, Cell's skip.

Fourth prize—Beverly Hills, Beasley's skip.

Sunday's events:

First prize—Arroyo Seco, Alexander's skip.

Second prize—Los Angeles, Kenyon's skip.

Third prize—Highland Park, Second skip.

Fourth prize—Arroyo Seco, Graham's skip.

MITES UNITE LAGUNA PAIR

LAGUNA BEACH.—Mary Helen Arnold, daughter of Mrs. Willard Arnold of 453 Johnson street, was married to Robert Bruce Douglas Monday by the Rev. Raymond I. Brahams at the home of the bride's mother in the presence of the couple's immediate families.

The son of Mr. and Mrs. W. G. Douglas of 769 Manzanitas drive, the bridegroom is a well-known store manager. Mrs. Douglas attended the Marlborough school for girls in Los Angeles.

The couple will return from the honeymoon Nov. 15, and will reside at 450 Cypress street.

Photograph Atom In New Tests

PASADENA.—(P)—A photographic spectrum of X-rays emitted by an induced explosion of gas has enabled two physicists to measure with exactitude for the first time the speed of the electron within an atom.

Dr. Harry A. Kirkpatrick, head of the department of physics at Occidental College, and W. M. Du Mond of the California Institute of Technology, announcing the measurements, also said similar experiments were being conducted on the hydrogen molecule. They said the measurement of the electron's speed within the atom had clinched the evidence relating to the nature of the atom.

JUSTICES LOSE WIGS

LONDON.—(American Wire)—Scotland Yard is looking for the inventor of the wig who stole three wigs from the lord chief justice's robing rooms here last week, holding out court for three hours until other wigs could be borrowed for their lordships.

RETURNS FROM TRIP

WESTMINSTER.—Dr. Russell I. Johnson returned Monday from St. Louis, where for the past 10 days he has been attending the International Post Graduate Assembly of Physicians.

MARIAN MARTIN AFTERNOON FROCK IS YOURS FOR EASY MAKING!

PATTERN 9495

Behold! The most promising afternoon frock of the new season! See how deftly Pattern 9495 combines with the popular Princess silhouette, and how it molds your figure in smooth and sleek lines. The tapering front-panel releases soft skirt fullness in up-to-the-minute fashion, while the three-quarter or all-around belt accents a slim waistline. Take your choice of the roll-over collar, forming a V-shape neckline, or the trim, little bow collar. With the accompanying complete diagrammed Marian Martin sew chart, you'll find just how easy this charming frock is to make of thin wool, novelty silk or synthetic. And it's so thrifty, you can afford to make not one, but several versions!

Pattern 9495 may be ordered only in misses' and women's sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 requires 3 1/2 yards 39 inch fabric.

Send 15 cents in coins or stamps (coins preferred) for each Marian Martin pattern. Be sure to write plainly your size, name, address, and style number.

Just out! Marian Martin Fall and Winter Pattern Book. Get it now and see what fashion-magic you'll achieve easily, quickly, and on the most limited of budgets! Each simple pattern points the way to clever clothes economy... Glamour for parties... Chic for everyday... Every member of the family will welcome this fascinating, practical guide to fashion! Learn "what's new" in fabrics, gifts, accessories! Order your copy now! Price of book 15 cents. Book and pattern together, 25 cents.

Send your order to The Journal, Pattern Dept., 111 East Fifth street, Santa Ana, Calif.

WPA PROJECTS HERE TOTAL \$6,056,429

\$2,735,895
PROGRAM
UNDER WAYFifty Projects
Are Operating

Uncle Sam, aided by sponsors of local Works Progress Administration projects, is spending \$2,735,895 on projects now operating in this county. This makes a grand total of \$6,056,429 which has been spent or is being spent in Orange county on WPA work.

These figures were revealed today in annual reports from the Orange county headquarters of the WPA, located in the Ramona building.

SPONSOR'S SHARE
Fifty projects now are being operated by the WPA in this county, the reports showed. Costs of 33 projects operated under direction of Dan Mulholland, chief of the construction department, were shown to be \$906,951 for the government's share of the cost, and \$331,063 as the sponsors' share of the cost.

Seventeen of the projects are being operated under direction of Fred P. Jayne, head of the PTWW division in Orange county. On these 17 projects the government is spending \$1,430,541 and sponsors \$67,310.

SELF-HELP
Included in the 17 projects, however, is the cooperative self-help project with 13 units, the county-wide sewing project with eight units, and the county-wide library project with three units.

Figures from the annual report released to The Journal Monday showed that during the past two years the WPA has operated projects costing \$3,320,534. Combined with the cost of operating projects, this makes a grand total of \$6,056,429.

This week the WPA entered its third year of activities in Orange county.

Backs' Accounts
Found Perfect

Accounts of the late J. M. Backs, county clerk who died last week, were in perfect order, the auditing firm of Crenshaw, Diehl and Wright reported to supervisors yesterday.

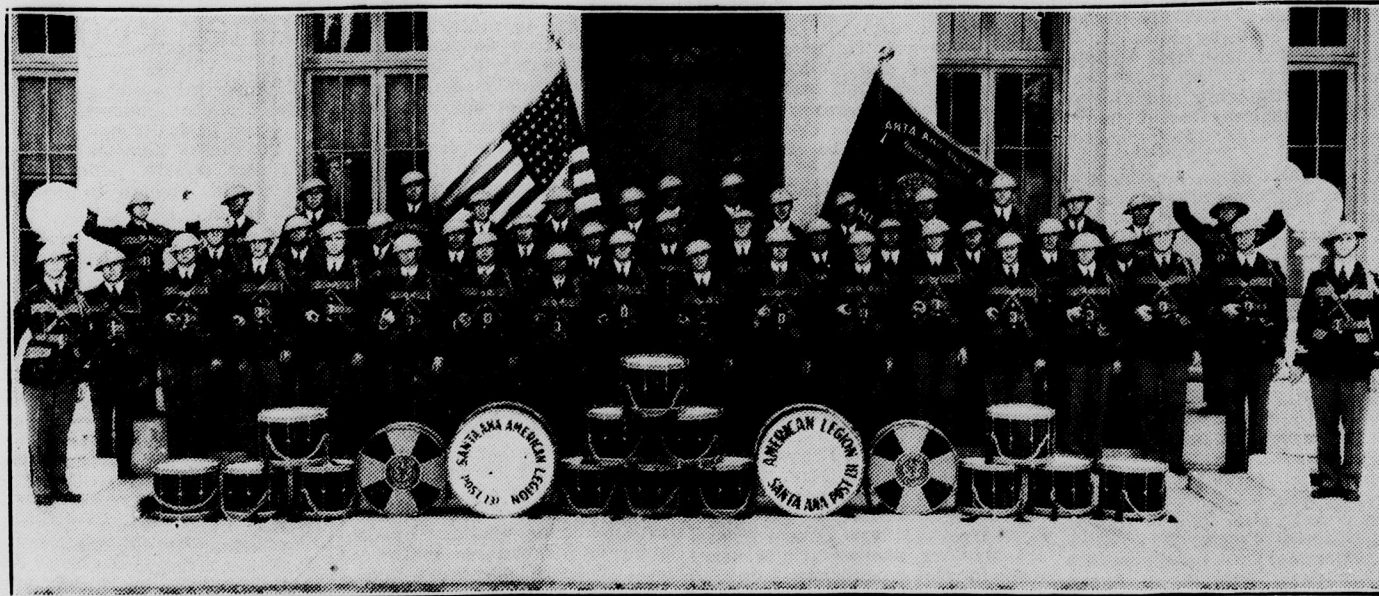

Supervisors hired the firm to make an audit in accordance with the law following Mr. Backs' death.

Board Approves
Armistice Plans

The county-wide Armistice day celebration, to be held this year at Fullerton, had the approval of the board of supervisors today.

On request of the Fullerton American Legion post, sponsor of the event, Supervisors Harry Riley moved yesterday that the county approve the celebration. His motion carried.

They'll Help Celebrate Broadway Opening

Santa Ana's crack American Legion Drum and Bugle corps, shown above, will be featured in a parade at 8 p. m. tomorrow when the Santa Ana Breakfast club joins with Broadway merchants in celebrating the opening of Broadway following repaving of the street

from First to Tenth streets. The parade also will include the American Legion auxiliary. President Hunter Leach of the Breakfast club has also arranged for a street dance, a vaudeville program and other entertainment which promise to make the event a colorful affair.

I JUST FOUND
OUT—What Happens
To 'Phone Calls

By MILLARD BROWNE

You may be a wealthy landowner or a youthful schoolboy, but to the 125 Santa Ana girls with the "Number please?" voices you're just another number.

It works both ways, though, because your favorite telephone operator is just a number to you, too. During working hours, she isn't allowed to give out her name, but will courteously report her number to anyone who requests it.

This telephone exchange business is an impersonal one. It has to be, since the Santa Ana exchange handles an average of around 40,000 local calls a day, and some operators plug in as high as 300 connections an hour. Not much time for chatter.

That's why drunks, flirts and small boys are operator's greatest troubles. They occasionally lift the receiver, start a conversation and won't quit. If the "hello girl" can't politely end the conference in a few moments, she usually turns the problem over to a supervisor.

No. 2 difficulty of operators is people who are difficult to understand. When the "number please girl" rolls her three's, it isn't just an affection. She's making sure you said three, not two.

Most frequent misunderstandings are fives and nines. Operators solve this by pronouncing their nines "niyen," but subscribers often make it sound like five. Same goes for "four" and "to," particularly with southerners who say "foah."

Japanese who don't speak much

English are hardest to understand, but they're usually the most patient. Mexicans who don't speak the language sometimes give operators a workout.

During peak hours—mid-morning, mid-afternoon and early evening—the Santa Ana local exchange is "manned" by about 35 operators. In the wee hours of early morning the board is thinned to as few as three girls.

They have to have a three-foot reach in order to cover a six-foot panel of 6000-odd numbers, covering every 'phone in Santa Ana. Because the girls must have any requested number literally at their fingertips, the panels of outgoing numbers are repeated 11 times so each of the 35 girls can reach them all.

Incoming numbers are arranged differently. They are carefully spread along the switchboard's lower panel so no one operator will have more than her share of heavily-used business 'phones.

Girls go through a rigid five weeks of training and six months of apprenticeship before they're full-fledged operators. By then the board has become as mechanical to them as a typewriter is to an experienced touch-typist.

Turnover in operators—be-

cause of transfers to other departments, resignations and other reasons—was only 18 out of 125 last year. That's about average, officials said.

Besides the local exchange operators, there are special boards for long distance, information and incoming calls from other points.

The local operator handles station-to-station long distance calls to all points in and near the county and to Los Angeles. These average 2300 a day. Long distance operators handle 1600 person-to-person and collect calls to nearby points and all calls to cities farther away.

The information desk is armed with an up-to-the-minute file of all local numbers, and a new Los Angeles directory, published with all corrections every two days. County corrections come in less frequently, but they are within a few days of having up-to-date information.

An average of 35 installations, disconnections and changes in address or number come in each day.

All operations in the 'phone exchange are automatic except the actual connection of "calling" party with "called" party.

When you lift your receiver, it automatically closes a circuit, energizes a relay which closes another circuit through a lamp in front of the operator. The lamp flashes just as if you were turning on your porch light.

The operator then cuts in by plugging a cord in an "answering jack," asks for your number, and automatically plugs her own voice out when she puts another plug in the "jack" representing the number you called. Ringing is automatic, and the circuit is complete when the person on the other end lifts his receiver.

The mechanics behind all this

are more complicated than the dazzling switchboard itself. A separate wire for each number in town leads to the board from a distributing frame upstairs, where they are grouped to go out to different parts of the city.

Here they are bunched together into large cables, several having 3636 wires each, then tubed to the basement and fed out several blocks before they come out of the ground and are fanned out on overhead cables and wires to the various subscribers.

At least three—and sometimes as many as six—safety fuses are placed on each wire so any dangerously high voltage from lightning or other trouble will be shorted and grounded.

And just to be sure they have enough space in which to ground extra voltage, the company has dug a big hole beside its plant, filled it with charcoal and led all of its grounding wires directly into the hole.

The telephone exchange uses commercial electric power—but only to power its own generating machines. Alternating current, the kind that is used for lighting, can't be used in telephone conversations.

All equipment is protected against trouble by devices that flash warnings when anything goes wrong. This gave officials much trouble during an open house a few years ago. A small boy with a mechanical mind and an itch to fidget had tampered with a few of the gadgets, finally came to a large fuse board. He ran his finger down the length of the board, snapping fuses right and left, and the resultant clanging of bells sounded like a New Year's eve celebration.

PROGRAM FOR
STREET FETE
ANNOUNCED

A varied and colorful program will be presented on Broadway between Third and Fourth streets tomorrow at 8 p. m. when the Santa Ana Breakfast club helps merchants celebrate the opening of re-paved Broadway.

Hunter Leach, president of the Breakfast club, today announced completion of the program for the event, which will be launched with a parade.

VAUDEVILLE
The opening officially starts at 8 p. m. with a parade in which the American Legion drum and bugle corps and the American Legion auxiliary drill team will take part. The parade will start from Sixth and Broadway, moving southward to First street and then back to the special platform to be erected between Third and Fourth.

Following a short exhibition by the two Legion groups, a diversified program of vaudeville entertainment will be presented. This program will include Spanish dances by Frances Iiams, who will be accompanied by Olive Schweitzer. The Meglin studios will present Betty Courtney, toe tap dancer; Betty Vardy, singer; the three Harmonettes, Beverly Short, Betty Haynes and Mary McDougal; Sterling Peterson, dancer. These numbers will be accompanied by Mrs. Shields.

CUBAN SINGER
Joe Kozina, master of the banjo, will present a group of numbers, which will be followed by a program presented by La Hacienda cafe.

The latter program will feature Adelina Gamboa, a little Cuban girl who will sing, accompanied on the guitar by Maydolina Siseneras and Sol Gonzales and his violin.

Master of ceremonies will be Breakfast club song leader, smiling Eddie Marble.

Following the vaudeville program, the area between Third and Fourth will be roped off for a street dance, at which music will be furnished by Lee Mann and his Sunny Californians.

PAYS TO ADVERTISE

DUNN, N. C.—Worth Stewart, manager of a theater here, believes in telling the customers when his pictures aren't "colossal."

The theater recently advertised on its marquee: "Two lousy features and a comedy."

Stewart told attendants: "If anybody comes out wanting his money back, just show him the sign."

FOWL PLAY

MIAMI, Fla.—When Deputy Sheriff A. L. Buford found footprints near a henhouse consisting of an alternate track and a round hole, he arrested a peg-legged negro known as "Dot and Dash."

The negro explained he must have been "framed" by a chicken thief who used a stilt to throw police off the trail.

CURFEW SHALL NOT RING

GRANTS PASS, Ore.—City councilmen decreed nightly curfew should be resumed, but:

Policemen refused to ring the bell, saying they couldn't leave their posts.

Firemen said they wouldn't ring it unless the council get them a new clock—they didn't want to be blamed for untimely tolling. They got the clock.

Came curfew time and a fireman tugged and tugged, but no curfew.

SOMETHING WRONG

LOS ANGELES.—A fortune teller told San Romano there was a pot of gold under his house, but Romano must make things right with supernatural powers to get it.

But, Romano complained to police, he didn't find the gold, even after paying \$400 for a jar of human blood, supposedly from Borneo cannibals, to "baptize" the ground. \$150 for a magic prayer, a \$1500 contribution to the Temple of Gold in India, \$300 miscellaneous.

ROTARY CLUB
CHIEF LAUDS
LOCAL MEN

Twelve well-known Santa Ana Rotarians were praised by District Governor Ray Green of Long Beach at the club luncheon in the Masonic temple here yesterday as being substantial contributors to the welfare of Santa Ana in a quiet and unpublicized way.

They are Carl Klatt, Charles Chapman, William Stauffer, George Perkins, Nelson Visel, Harry Wilson, R. G. Tuthill, Wesley Taylor, Ralph Watson, Walter Vandermast, Carl Newman and Dr. V. A. Rossiter.

Governor Green, who played a part in the founding of Rotary in Santa Ana, also gave full meed of praise to Mac Robbins, first president of the local club.

Dr. Archibald Valler, formerly of Columbus, Neb., where he was president of the Rotary club, was introduced as a new member of the Santa Ana group.

Music for the program consisted of two solos from R. L. Brown, accompanied by William Stover on the piano.

Stanley Goode, president two years ago, made a short talk on classifications. Joel Ogle told of the benefit that membership in the club had brought to him. John McCoy presided.

BATTLE OF SABINE PASS... Along with the credit of having saved Texas from invasion during the Civil war, to Lieut. Dick Dowling and his 47 men goes the distinction of having won out in a battle against what were perhaps the most overwhelming odds faced in the entire war.

Backed up by four gunboats a Yankee force numbering 6000 men attacked the small, rebel-held fort at Sabine Pass, Texas, on Sept. 6, 1863-and, strange as it seems, were beaten off by the tiny force manning it!

FOOTBALL VETO... Challenged in 1873 by the University of Michigan, the Cornell university football team agreed to take part in what would have been, if it had come off, the first intersectional football game. The game was to be played in Cleveland. When Cornell accepted the challenge they didn't foresee any faculty objection, but a faculty veto of the game was fast in coming. President White of Cornell on being told of the impending game said, "I will not permit 30 men to travel 400 miles merely to agitate a bag of wind!"-and that was that.

The Associated Press is exclusively entitled to use for publication of all news dispatches credited to it or not otherwise credited to it in this paper, and also the local news published here.

The Dangerous Slant

Remember the movie color cartoons? A sylvan scene, flowers, butterflies, birds a twitter, cheerfulness and happiness. Then the music takes an ominous note. Enter: The big black spider.

A recent issue of the "March of Time" movie release on the Chinese-Japanese war strikes a surprising parallel. Chinese are shown working and building. Children in schools. Youths engaged in outdoor sports. A picture of a healthy, happy nation in the making. Enter: Japan. The only representations of the Japanese are of troops in action and marching grimly, ugly generals barking orders.

Naturally this movie fits in large part with American sympathies, which are by and large for China. But this doesn't justify a distorted picture. The movie might have shown Japanese at work in factories and engaged in constructive tasks. It might have shown Japanese children at play and in school. The only pictures of Chinese might have been pictures of troops engaged in civil wars, of Chinese agitators instigating boycotts against Japanese trade in China—necessary to the Japanese from their viewpoint.

If Americans are desirous of freeing their nation from Asiatic entanglements and keeping out of that war, they must preserve a remarkable state of mental balance when they are subjected to the pressure of the type here discussed—in newsreels or in articles.

The war spirit thrives on human sympathy. The Japanese, on their side, make extensive claims of brutalities to their women and children living in China, in building up their war spirit at home. Make no mistake; the Japanese do not think they are the villains in the plot.

Each side thinks it is right; that the humanities are on its side.

The fact that American sympathy is as strongly pro-Chinese as it is brings this sympathy into direct conflict with our desire for peace.

Pro-Chinese propaganda is a grave threat under these conditions. Of course, there will be pro-Japanese propaganda also, but the latter is not the dangerous kind. It can not take root. No one is thinking of fighting the Chinese.

If we want peace, we had better remember the last war and take everything that is anti-Japanese with some substantial grains of salt.

Postmen will take the employment census in Orange county. Maybe they'll really knock twice, once with the mail and a second time to take the census.

Man's Divinity

"Would you be free from the restraint of your body? Live in it as if you were about to leave it." This strange advice, a bit difficult to understand, is attributed to Seneca.

Someone else once spoke of the human body as "the human form divine." The modern passion for exposing the epidermis has taught us that the human form is not divine at all, in most cases, but is something entirely prosaic and earthly, and better concealed than flaunted.

No, this divinity in man is not expressed in his physical form, its appetites, its necessities, its foibles or its weaknesses.

Divinity may lie in man's reasoning ability, his unselfish aspirations, his penchant for helping others, his appreciation of beauty, his ability to create beauty.

Man's kinship to divinity will be on the side of ideas, of course, for no one supposes divinity to be an over-sized flesh-and-blood man, but rather the source of ideas and goodness.

Living too closely to our own bodies and their demands and their troubles, we may miss that kinship almost completely.

The words of Seneca mean to live on a plane higher than the purely physical. Some human beings achieve that higher plane. It cannot be purchased; it is not for sale; it must be sought.

Storm areas move at an average speed of 30 miles an hour. At that rate it will take the AFL-CIO row four days to get here from Washington.

A Progressive Merger

When business men support the fine arts, you may be sure that intelligent civic spirit and self-interest is behind the merger.

Such seems to be the case in the sponsorship of the Federal Music project for 1937-38, as announced by three leading local merchants, Fred Newcomb, Carl Stein and Leonard L. Hurst.

Thanks to their cooperation, Santa Ana will be sure of keeping the \$72,000 per year project which otherwise might have been lost to Los Angeles.

Now that business support is behind the financing of the project, the music-loving public should wake up and attend some of the concerts.

Composed of fine musicians, the federal symphony orchestra will give its first fall concert Nov. 4. It deserves 100 per cent support.

An anti-smudge ordinance is being sought for Orange county. That may be hard on the cleaning and dyeing business.

Long Step Forward

The long, long battle to put postmasters—all of them—under civil service will doubtless come to a head during the next session of congress.

President Roosevelt promised the house civil service committee that "I'm going to stay behind it until it is passed."

With malice toward none and charity to all, this newspaper believes that this long step forward in the direction of putting the public service entirely on an honest merit basis will mean better and better government down through the years.

FAIR Enough

Lottery Customers Suckers?

By Westbrook Pegler

The United States last week successfully defended her dubious honor as champion of the Irish Hospitals Sweep, contributing \$7,000,000, more than half of the Ouseweeth pool, which fell just a little short of \$13,500,000. The investment undoubtedly was much greater, because, invariably, a number of phony issues are sold to our gullibles and because, invariably, a portion of the genuine tickets retained here are duds whose owners do not get a run for their money. That happens when the agent decides to keep the purchase price of \$2.50 for himself instead of remitting it to Dublin. The agent is under a strong temptation to do this, because the victim, even if he is of a mind to have the law on the agent, cannot come into court with clean hands, being involved in an illegal transaction himself. Moreover, most Americans are unaware that the deal is incomplete unless they receive from the Irish hospitals fund in Dublin, well in advance of the race, a formal receipt acknowledging that the agent has sent in the money and the stub. An agent who peddles 100 or 1000 tickets for cash has only his conscience for a policeman to make him do the right thing, and most of his clients would not even know they had been swindled.

GOVERNMENT STEPS IN

Up to 18 months ago the Irish hospitals fund had reached \$46,000,000, a little more than \$15 for each man, woman and child in the Irish Free State. President Eamon de Valera about that time, nevertheless, thought it best to go to Switzerland for a little trouble with his eyes. The money was then accumulating in such bulk that the Free State government decided to cut itself a thin slice of cake out of the hospitals' share. The fund receives one-fourth of the gross, and the government, possibly foreseeing a day when the people would be overworked with pills and vaccine and unable to hot potatoes for their incisions and splints, decided to help abate the peril of helping itself to one-fourth of this one-fourth. There have been six pools since then, so even allowing for the government's kitty, there is a per capita fund of about \$17 or \$18 for the very good health of the Irish.

The honorable Edward A. Kenny, member of congress from New Jersey, has been active several years in the agitation to legalize a federal lottery here. Notwithstanding any suggestion which might be seen in his name, he deplores the drift of American money to all foreign lotteries, including the Irish, which is the American favorite.

The German, French, Italian and Cuban lotteries received small play from this country, but the Germans, French and Italians on their part, send practically nothing to Dublin. The Germans and Italians are not allowed to send money out of their countries, and the French just don't. Maybe the Cubans and other Latin Americans buy a few tickets, but, if so, not enough to raise them above the miscellaneous group of customers.

\$16,000,000 IN N. Y.

Mr. Kenny once startled his colleagues in congress with the assertion that New York City alone had bought \$16,000,000 worth of tickets on a single pool of the Irish sweep and bought them up with their ears funneling when he declared that by his reckoning, as an expert on the subject, the United States treasury could clear a billion dollars a year with a federal lottery. He runs a very high fever on the subject and may exaggerate the American capacity to absorb lottery tickets.

It was his plan to take down 40 per cent of the gross for the government, which would mean that the people would have to buy \$2,500,000,000 worth a year. That would come to about \$48,000,000 a week—not too high a figure of itself. But, considering the competition of the slot machines, the horse tracks, the numbers racket and the inevitable rival, minor league lotteries which would be started by the states, counties and municipalities, Mr. Kenny had better not promise to stand on his head until the federal kitty hits that billion should his bill become law.

Mr. Kenny certainly dreams a pretty dream, though, and far be it from these dispatches to roll a man over when he is tossing billions around in his mind. He told his colleagues that in 35 years his lottery would pay off the whole national debt to date—Wilson's debt, Mr. Big's debt and all—and that would be very nice indeed.

FULL OF HOLES

Donald's mother sent him to borrow a colander. Some time later she looked out the window and saw him playing in the yard. She called to him, inquiring about the colander.

"Say, Mom," he said, "that thing wasn't any good. It was full of holes, so I threw it in the alley."—Neumode.

EVERYDAY MOVIES

"I'm so glad. I think the cook likes me."

By Denys Wortman

The Mailbag

Public opinion, or what somebody in office imagines to be public opinion, is our ruler. If public opinion is active, the politicians and people sit up and take notice. There is a definite need for outspoken talking and thinking on public matters. Honest, intelligent, fair discussion of problems is immensely useful. So that every citizen may have his say and contribute to the formation of public opinion, The Journal invites letters to The Mailbag.

PERPETUAL BOYCOTT

To the Editor: This seems to be a strange time in which to inaugurate a boycott of Japanese goods. There are quite a number of Americans who have been boycotting Japanese goods for years, and I am one of them.

The multi-millionaire owners of our 5 and 10-cent stores, who fill their counters with cheap Oriental-made goods, and who pay to their own employees as little as possible, are no model Americans in my estimation. I have no desire to help bolster their kind of Americanism.

Decent American industries ought to be supported in preference to indecent foreign industries, whose workers are satisfied with sleeping in the factories which employ them, and who are content with a bowl of rice for breakfast, lunch and dinner. I believe in supporting our own industries, whose workers can have turkey for Christmas and who can afford to drive to work in their own automobiles.

It is common sense, at all times, to boycott cheaply made and cheaply bought foreign made goods which clutter up the counters of our millionaires' stores and which have pushed American goods, made with union wages, off those counters. It is unwise, unpatriotic and indecent to help uphold sweated labor of any country. Why continue to be saps and wave Star Spangled Banners made in Japan?

PETER G.

IT'S ODD But It's Science

By HOWARD W. BLAKESLEE

NEW YORK.—Of all odd things in the world number one is possibly the roaring sands of the Kalahari desert in Africa.

A. D. Lewis has just had as much fun as a boy with a new sled, while making a scientific investigation of the roar. He slid down dunes on the seat of his pants.

This happened in an elongated patch of white sand near the

south-east corner of the desert. The roars are confined to this area.

Mr. Lewis slid in hitches. With every slide the sand under his pants roared with a noise audible 600 yards. It sounded, he said, like distant thunder.

The noise appears, he concluded, whenever the sand is pushed "in a heaped-up manner." Sticking fingers in the sand and moving them up and down made the roar. Upward motion produced a higher pitch than did downward.

Inspection showed that the sand grains were more rounded and of more uniform size than in the surrounding desert. A sackful, taken back to Pretoria, would roar when the bag was shaken. But if the bag was left open a few weeks, the roar disappeared. It could be restored for a short time by heating the sand in an oven.

What Other Editors Say

A REMARKABLE SITUATION

Never within our recollection have the seen a national political situation like the present. Never have we seen so many different newspapers apparently endeavoring to get the facts about public sentiment regardless of whether those facts are pleasing to the editorial management of the paper or not. They have been sending out trained correspondents to various different parts of the country, instructed to find out what public sentiment is toward the New Deal and its accomplishments and toward President Roosevelt, personally and politically. Apparently nearly all of these roving correspondents have reached the same conclusions.

The first conclusion is that there is a wide-spread criticism of a number of the acts and policies of the administration, but at the same time comparatively little personal criticism of the president among those who heretofore supported him. We are speaking now of the mass of citizens rather than of leading politicians.

Of course a good many things may happen within the next two or three years, but judging from present conditions President Roosevelt will dominate the next Democratic National convention and can have the nomination if he wants it. Will he want it? Answer that for yourselves. —Topeka, Kan., Daily Capital.

BUT A FRIEND
A small boy, once walking with his mother, was seen to take off his hat to a stranger.

On his mother's inquiry as to the identity of the gentleman the small boy replied, "Oh, he's a friend I don't know."

TEACHER (in geography lesson): "Now, can anybody tell me where we find mangoes?"
Knowing little boy: "Yes, Miss, wherever woman goes."

WHIMSIES

DAY BY DAY
With O. O. McINTYRE

NEW YORK.—There are few sections of the town over which falls such an olive drab aura of evening content as in Madison square. Of all the squares in town, Madison belongs to those gentle lodgers who come out to it for a sort of spiritual repose as shadows deepen.

The bench sitters seem indulging meditation, fairly looking through passers-by. Mostly they are wives and husbands in middle years, or elderly. The Big Ben looks down upon them benignly from the gaunt Metropolitan tower, peering the hours, and at 4 p. m. the square is almost deserted.

Too, there are those queer characters who seem to make this piazza their rendezvous—harmless duffers whose coat fronts are shiny with stray pins, the long-haired and after the shoelace. Old ladies who mumble and poke hopefully through refuse cans.

Madison square is the last stand of the roaming shoeshiner who takes pride in duding up his blacking box with brass tacks, gaudy colors of paint and mirrors. An evening shine is something of a vespereal rite with hundreds who have lived near the square for years.

Harry Piler, the East Side boy who married Gaby Deslys and became an established Parisian night club entertainer, is reputedly more popular than ever during his 25 years in the French capital. Brushing 50, he has acquired something of the art of youthfulness as expressed by the ageless Mistinguett, and he dances nightly at a new club he sponsored for the Yankee trade. Piler was a busker, dancing along the sidewalks for pitched pennies, when he went over to France one summer just for a lark. He has been back a few times, but only for a short stay. He speaks French fluently, and his English has an accent. Even his gestures have become Gallic.

George White graduated from busking or sidewalk dancing when Broadway knew him as "Swiftly, the Messenger Boy," to top theatrical billing. So did Jack Donahue, whose rhythm was most enchanting of all. Ditto Bill Robinson and James Barton, Harlan Dixon — and where is he? — did sidewalk salterellos before teaming up to become one of that notable pair, Doyle and Dixon. In the same fashion the pavement jiggers of today around the town are the Ray Bolgers and Fred Astaire of tomorrows.

There is always a reason for a restaurant's success. In one of the better ones the other evening a gentleman and his wife casually mentioned to several other guests that this was the twenty-third anniversary of their marriage. There were congratulations. A shrewd captain had overheard the remark, and at the conclusion of the meal two waiters bore in blazing triumph a 23-candled cake upon which was frescoed with the years "1914-1937" and appropriate greetings.

For oblivion: That wealthy type of youth—brought up in affluence due to a capitalistic era—who affects the role of a parlor pinner. He is always the poser who never did a day's work in his frivolous life and would be shunned by communists themselves as a bore. Of mediocre talents, this is his best gesture, his only way of attracting attention. Having nothing, he thinks it might be grand to share everything. I am told a man on West Third street inators many of the parlor pinks—for \$10 a lesson—giving them some pat phrases to drop as though casually thought up. Also a list of leading questions sure to start an argument in any gathering.

To my notion, nothing touches off retrospection like an organ. In the churches, of course, it gives us pause, paving way for meditation. In the pioneer days of the silent films, the organ, treading close upon the improvisations of the tinny pianist, followed all reels. I have wondered if Mary Pickford, with her vast memories of those picture days, ever steals into one of those forlorn and out-of-the-way silent movies where the organ still peals, and sitting there, recalls all those she knew in the salad days.

How certain old tunes also chivy up scenes of the past. I never hear "When the Harvest Days Are Over" without thoughts of the barefoot days, the dusty road, the cow going home from pasture, the crickets' song — the loudest chorus — the steamboat whistle around the bend, the beating round steak in the back yards.

ENTHUSIASTIC
"Was my father very violent when you asked if you could marry me?"

"Was he? He nearly wrung my hand off!"—Tit-Bits.

GOOD STUFF
"Nice frock you're wearing."
"Yes. Do you like it?" I had it for my twentieth birthday.
"Really! It's worn well."—Whitely Seaside Chronicle

Twenty-Five Years Ago

OCT. 27, 1912

Again the mighty Santa Ana High school football team marched through San Diego to win a 14-0 game Saturday. Tedford and West made the scores for Santa Ana, each tallying on a long run.

VERA CRUZ—Gen. Felix Diaz, leader of the recent revolt here, and three of his officers were condemned to death by court-martial yesterday. The district court granted a writ of habeas corpus to General Diaz, however, and his execution has been postponed.

SAN PEDRO—Fire of undisciplined origin early today practically destroyed the large barn of the San Pedro Livery & Boarding stables. Fifty horses were burned to death or so badly burned they had to be killed by police.

William Rawlins, convicted of bigamy last week, was sentenced to nine years and five months at San Quentin and fined one dollar in superior court today.

Journalaffs

By ART SHANNON

Howdy, folks! Perhaps it is a good idea to pass the cost of the old wars on to posterity, so that posterity can't finance any new wars.

The height of something or other is to tip a roadhouse waiter after he escorts you to the door for creating a disturbance.

TOO LATE TO CLASSIFY

Would like to find nice, kind home for 32,647 house-trained ants.—Ivory Ida.
Will trade \$100 course in short story writing for plate of ham and eggs and cup of coffee.—Horac J. Clambake.

Nations seem much more dignified when fighting for the right than when fighting for what is left.

We know now what pedestrians are like. They are like aphorisms, which, according to a scientist, are organisms so small that they are invisible.

ATROCITY NOTE

The easiest way to get revenge on somebody you don't like is to give him a fountain pen that leaks.

No cover charge.

Remarkable Remarks

It isn't so bad being mobbed by autograph hunters. I imagine it's a lot worse when they stop mobbing you.—Tyrone Power, film star.

More women attempt suicide than men, but few persons attempt it on an empty stomach.—Dr. Merrill Moore of Harvard Medical school.

Prayer is not overcoming God's reluctance; it is laying hold of His highest willingness.—Trench.

It ain't no use their taking him away from me. I'll wait as long as it takes.—Helen Black Flatt, 12-year-old child bride of Bud Flatt, bigamous husband.

The Merry-Go-Round

By DREW PEARSON and ROBERT S. ALLEN

Probe of newsprint and other price-fixing opens anti-trust drive: Justice department given secret orders to start getting evidence; liquidation of RFC long-sought victory for Morgenthau over Jones; bankers snubbed FDR by boycotting dedication of reserve building.

WASHINGTON—The President's long threatened investigation of monopolies finally is under way. He started last Wednesday with secret orders to the justice department to begin gathering evidence at once on price-fixing in "consumer goods."

One of the items specifically listed by the President for immediate probing is newsprint. Prices in this commodity have zoomed in recent months, although there is neither a dearth nor unusual demand for it.

Roosevelt has repeatedly announced a survey of anti-trust violations, and in his last fireside chat he said it was actually in motion.

The statement completely baffled justice department authorities, who knew nothing about the inquiry. They had been twiddling their thumbs impatiently for months waiting for a go-ahead signal from the White House. Roosevelt apparently thought he had given it, but discovered his mistake after he made the speech. In any event, when he did step on the starter he told the justice department not to spare the gas.

NO JAPANESE

The navy department received a radio message from the Far East the other day, telling of an international encounter not reported in the war dispatches. It involved not Chinese and Japanese but British, French, Italians, and U. S. Marines.

There was a joker in it. Here is the text:

"International track meet Peiping first day scores U. S. marines twenty British seventeen French three Italians three Japanese not competing."
The message was signed by Colonel John Marston, commanding officer of the marine detachment, Peiping.

MORGENTHAU VICTORY

There was more in the revised budget issued by the President last week than mere debit and credit figures.

Behind the announcement that the Reconstruction Finance corporation would liquidate its commitments was a long-sought triumph by Secretary Henry Morgenthau over RFC Chairman Jesse Jones.

These two administration bigwigs have been secret rivals since the early days of the New Deal, when both aspired to succeed the late William Woodin as secretary of the treasury. Young Henry was head of the Farm credit administration, which he had reorganized and revitalized. Jesse was an experienced financier, an RFC veteran and a potent politico.

On the surface all the chances seemed to favor Jones. But Young Henry, old friend and Dutchess county neighbor of the President, got the plum.

In the four years since then, Morgenthau privately has always had his fingers crossed when Jones and the RFC were concerned. Very subtle he opposed the 1935 proposal to give the RFC an additional several hundred million dollars for loans to business men needing credit. But Jesse was

I'll Tell You

By BOB BURNS

It looks like this income tax situation is makin' bookkeepers out of all of us, whether we pay income tax or not.

I had an uncle down home that use'ta run a dray. When he got through with a job of haulin' he'd just tell the party how much it was and he'd get his money. He never kept any books and the people he hauled for didn't keep any books either. But finally a big city man came down there and got my uncle to do quite a bit of haulin' for him and when my uncle told him it'd be \$1.50 the man said, "Well, you'll have'ta make out a bill for it so I can take it off my income tax."

My uncle went home and he sat there for hours with a pencil and a piece of paper tryin' to figger out that bill. Finally he told his wife, he says, "I think I got it!" And he proudly read her what he had written on the bill. It said "Three comes and three goes at 30 cents a went—\$1.80."

AHA!

Dealer: "Want any fresh eggs today?"

Grocer: "No, I bought enough fresh eggs yesterday to last a month."

NEW RADIOS AT FOSTER- BARKER STORE

"Never before has there been a radio with such appeal to the buying public as the 1938 Stromberg-Carlson," said Milton Foster, of the Foster-Barker Music Co., 309 North Broadway, distributor for these nationally known radios. "The slogan which is 'Stromberg-Carlson' certainly does not do justice to the new modern radios. We now have them in practically all of the different models including the standard, the furniture models and these embodying the new trend in radio design—the boom, blunder and fuzzy tones found in ordinary radios. The selector dial, tri-focal, leather speaker are among other exclusive features that make tuning on Stromberg-Carlson radio so simple and so enjoyable."

"Various cabinets of matched rare woods, unsurpassed in beauty as well as in design, are available. The automatic volume control that produces the famous Stromberg-Carlson natural tone... large illuminated dials with easy reading... tuning indicator, the most efficient method of visual tuning... All are combined in these rare 1938 Stromberg-Carlson radios, now shown on our floor. We especially call your attention to the fact that these radios are entirely different. Being new and distinctive. Besides the half-round console there is a desk, an end table, a coffee table, and a drop-door console. The natural tone, coupled with the superior beauty is sure to enthral you."

"Come in tomorrow and see the new Stromberg-Carlson radios."

Leaps to Death From Building

NEW YORK. (AP)—While a uniformed guide was pointing out feature of the city's skyline today to 200 visitors on the observation deck of the Empire State building, highest in the world, a well-dressed man detached himself, walked briskly to the four-foot parapet, and hurled over.

Bible Lecture Tomorrow at 'Y'

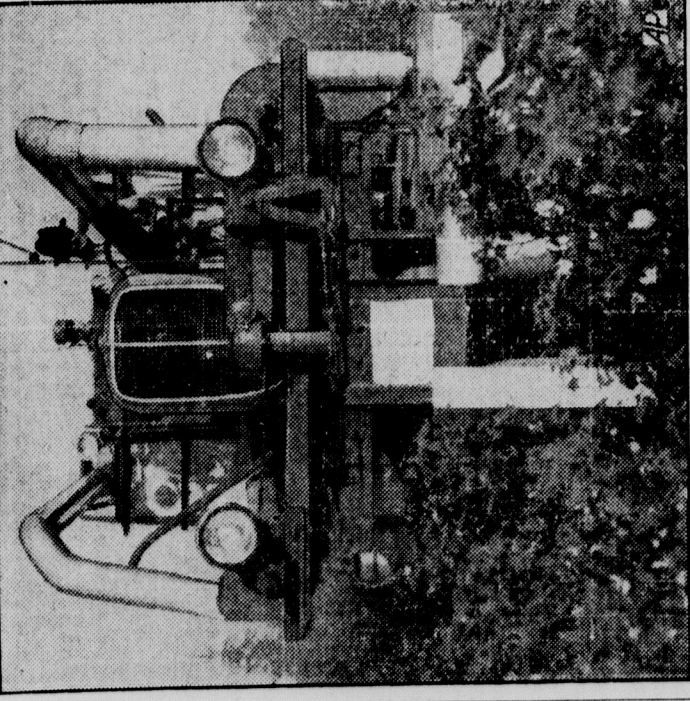

The third in the series of lectures at the Y. M. C. A. on "The Men Who Wrote the Gospels" will be given tomorrow night by Dr. Graham Hunter, of Fullerton, who is a Christian. Dr. Hunter has recently written a book on this subject, which has been published by Harper's, and which is attracting widespread attention on the part of students of the Bible. He is recognized as a speaker of authority on the Third Gospel, and his lecture will be given in the east lobby of the Y. M. C. A. at 7:30, men and women are invited to attend.

Minter Estate Is Worth \$79,850

Claud S. Minter, who died here last May 23, left an estate worth \$79,850, according to a report by inheritance tax appraiser James B. Utt today. Mr. Minter's personal estate, Utt reported, was valued at \$229,500.

URGE SEX COURSE
PROVIDENCE, R. I. (AP)—The Brown Daily Herald today presented an editorial in which it advocated a university course in "sex education" that would include full information about birth control.

Old Times Am Not Forgotten

In Dixie's land of cotton as elsewhere the machine age influence is felt. Here is a 1937 model cotton picker at work near Clarkdale, Miss., where machines of rival companies are being tested. Next year they will compete with field hands.

Wanted: Baldheaded Man With Bees in Bonnet

WASHINGTON. (AP)—A mild-mannered man named E. R. Root, appearing through the International Beekeepers' conference today looking for a flock of fighting bees, "I want to prove," he said, "that I can pour the bees in a hat and slam the hat on the man's head with no discomfort to bees or the man." This little trick, he hastened to add, is only act one of his apiaary acrobatics. The rest is: Act two—Whipping off the hat, which will leave the bees supported solely and serenely by baldness. Act three—Combing a part on either side or in the middle of this inviolable bonnet.

"I call it," he added, "the bee in the bonnet." Root's trick is on the program meeting. To preclude the possibility of the bees being frightened by the sound of the speaker's voice, Root called on the government. "I want mean, cross bees," he explained. "You'll get them," said Hambleton of the agriculture department. "We've got some that wouldn't stop at trying to sting a man."

Root said that as an epilogue to his exhibition he will cover his cheeks—or somebody else's—with bees, and then shave them off. He wants to show that bees, when handled properly, are no more harmful to man than are butterflies. Root comes from Medina, Ohio.

French Plane Sets Record

PARIS. (AP)—The giant French flying boat, "Lieutenant De Vaisseau Paris," Brand after a trans-Atlantic survey flight from French Morocco. Airfrance said the 75 passenger plane traveled 5780 kilometers (about 3590 miles) to surpass the world's non-stop distance record of 4,800 kilometers (about 2,980 miles) set by the "L'Atlantique" in 1931. Her original destination had been Rio de Janeiro, approximately 1000 miles southward along the coast, but, as the distance record already was surpassed, it was decided to land at Mexico. The plane took off at 12:58 p. m. (EST) from Port Lyautey, Morocco.

Seal Beach Seeks Gas Tax Fund

Seal Beach hasn't received any money from state auto license funds, the city council reported to supervisors yesterday, and would like to know what's wrong. The council said, however, that the city board last January. Supervisors said they would check to see whether any funds remain. If so, maybe Seal Beach can have some.

VIENNA BOYS TO SING AT HIGH SCHOOL ARREST COUNT

The Vienna Choir boys will present a special student matinee at the Santa Ana High school auditorium on Nov. 23 at 1:30 p. m. This performance is for students and teachers throughout the district. The boys are advised to make reservations at the high school office as soon as possible. The choir boys are on their sixth concert tour of America. They will arrive in their own bus with Hector Schmitt, musical director, and Miss M. Gruber, and Miss M. Gruber.

Special food is prepared for the young trouper by the nurse. Since their choice of food is often unavailable on the highways, a special food truck accompanies them. The group recently made a movie in Hollywood under the direction of Norman Taurog, but they are not enthusiastic about American films. The language is a real problem to the German-speaking boys. Concerts, gymnastic performances and other forms of entertainment.

The boys are also very fond of American rotogravure sections but do not understand the comic sections. The concert to be given by the Vienna Choir on Nov. 23 at the high school auditorium will open the Santa Ana Book store.

VIENNA BOYS TO SING AT HIGH SCHOOL ARREST COUNT

OMAHA, Neb. (AP)—George M. Adams, of Crawford, Neb., filed suit in district court here today for \$1,155,000 damages from the Home Owners Loan corporation, a federal agency, and four individual defendants. Adams' petition charges he was arrested in Los Angeles in 1934 on a charge of making a false statement to help one Fay Dinsmore obtain a \$500 loan from the corporation. Adams claims he was "falsely indicted" at a trial in 1935 was exonerated.

The plaintiff asks \$500,000 for loss of standing in his work as managing agent of the International Investment company, \$500,000 for mental anguish and \$100,000 for expenses. He was married in 1934 and his wife, \$50,000 for curtailment of liberty while he was on bond awaiting trial; \$5000 for legal expenses. Individual defendants named are H. J. Hoffman, J. V. McDermott, Perry F. Martter and Harvey E. Harris.

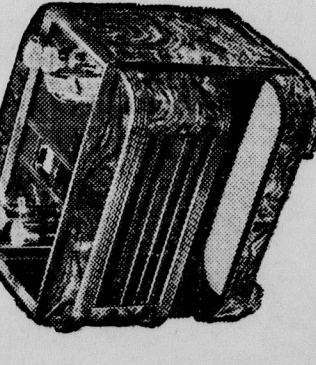

Artists course for this season. The course will also include Marian Anderson, negro contralto; Bartlett-Robertson, European piano duo; and Frank Johnson, pianist duo; and Adult season tickets may be secured at the Santa Ana Book store.

"This LABYRINTH RADIO beats anything I ever heard!"

And you will be moved to such an exclamation when you first listen to a Stromberg-Carlson Labyrinth radio. This model has all the worthwhile features known to radio PLUS the exclusive Labyrinth that eliminates the "boom" and cabinet noises that earmark the ordinary radio. Labyrinth Tone is absolute Natural Tone. A home demonstration incurs no obligation.

SPEEDERS FINED

Eight speeding fines were levied by City Judge J. G. Mitchell yesterday: Robert Pegdon, Ontario; speeding and reckless driving, \$10; Eugene Burkhart, Santa Ana, \$8; Bruce A. Johnson, Santa Ana, \$8; Paul M. Webb, Santa Ana, \$8; Emmett B. Cox, Fullerton, \$6; Adolph Robles, Santa Ana, \$6; Clyde H. Holmes, Norwalk, \$6; and Howard Hobbs, Santa Ana, \$6.

Minevaling submarines carry special tanks to compensate for the release of the mines.

production. There is no magic in co-operation. There are all the obstacles that must be overcome. These include: (1) producers, even though they produce for these profits, if any, belong to the consumer under the cooperative system. Only when cooperatives can successfully meet competition on all these grounds of advantage does the element of profit distribution to the consumer really mean anything. (2) I believe that in theory at least, true co-operative democracy is the most logical plan of self government and production yet de-

WHAT DOES WALL STREET DROP MEAN?

By CLAUDE A. JAGGER

NEW YORK.—When as much as \$25,000,000 is cut from the total quoted value of stocks and bonds traded in Wall Street, there is a reason for it. At least that is the common sense of the layman. But the typical Wall Street speculator, who is not a layman, is likely to put to him, "why?"

In 1929, when the market was at its peak, the average daily trading volume was \$1,000,000,000. Today it is only \$250,000,000. This is a drop of 75 per cent. It is a reflection of the fact that the market is no longer a place where money is made, but a place where it is lost.

He Took It Back

Robert E. Rogers, of M. I. T., recently said that the market had been a "trap" for the unwary. He said that the market had been a "trap" for the unwary. He said that the market had been a "trap" for the unwary.

NEW WELL IS PRODUCING IN NORTH

SAN FRANCISCO, (AP)—Stanley and Orla Company of California reported today completion of its Kern County Land Co. 12-2 well in the Green River field. The well is producing 30.5 barrels of oil a day, and 2,340,000 cubic feet of gas. It was the only completion by the company last week, as work went ahead on 32 other wells in the Green River field.

COTTON LAND DECREASE IS APPROVED

WASHINGTON, (AP)—Secretary Wallace has approved formally a 2,000,000-acre decrease in the amount of land recommended for cotton production under the crop conservation program for 1938. The program, in the main, carries the same limitations or acreage "floods" which Wallace approved a month ago. The cotton acreage, however, was changed to 27,000,000 acres from 29,000,000. The decrease was ordered, the agriculture department said, because of higher estimates on 1937 production.

PICK FIRST NAVELS IN SAN JOAQUIN

BAKERSFIELD, (AP)—Picking of the first crop of navel oranges began today in Kern county in the Edison district. Buford Fox, assistant agricultural commissioner, said that within about 10 days, the crop will be in full production. Fox said, "and is of good quality fruit." This picking in the Edison district is the first of the season and does not represent a movement throughout the San Joaquin valley which is expected to begin in volume about the first of November.

China Aid

Marshall Vasselli, general manager, commander-in-chief of the Russian army in the Far East, reported directing Chinese military strategy against Japan. The report asserted he used the telephone from his Siberian headquarters.

CAMERA CLUB WILL ELECT NEW LEADERS

Orange County Camera club will hold its 12th annual meeting at the Maybury street, between First and Fourth, when officers for the next 12 months will be nominated and elected.

State Board Sets Liquor Penalty

SACRAMENTO, (AP)—The state board of equalization decided today the minimum penalties for violations of the state liquor laws. The board, in upholding these recommendations, decided that certain "minor" violations under the liquor laws should be treated as misdemeanors.

Set Date for King's Wedding

CARO, (AP)—The wedding of King George VI and Queen Elizabeth will be held at the Royal Albert Hall in London on the 26th of November. The ceremony will be broadcast live on the radio.

Case of Nerves

Talk of the President and others of balancing the budget has come to the attention of Wall Street. It has been said that the market has been insisting on for some time.

Paper Firm to Raise Prices

SAN FRANCISCO, (AP)—Crown Zellerbach company announced today it would join other companies in increasing the price of newspapers. The new price will be \$1.50 a ton for the first six months of 1938.

State to Sell Veterans' Bonds

SACRAMENTO, (AP)—The state veterans' welfare board voted today to sell \$3,000,000 in veterans' welfare bonds Jan. 6 at 2 1/2 per cent.

Judge Allen to Address Lawyers

Superior Judge James L. Allen will tell young Southern California lawyers about cross-examination Friday night in his principal speaking engagement on the program of the Junior Bar association meeting in Los Angeles following a dinner.

Value Smithers Estate at \$14,625

Paul L. Smithers, who died Sept. 18, left joint tenancy property worth \$14,625, according to a report by the state probate court today. The property consists of real estate in Santa Ana, and cash, and a car.

Riley Becomes Plow Dealer

Superior Harry Riley will become an extemporaneous plow dealer this week. Riley was authorized by the board to do big business in selling two antiquated road plows owned by the state of California.

China Aid

Marshall Vasselli, general manager, commander-in-chief of the Russian army in the Far East, reported directing Chinese military strategy against Japan. The report asserted he used the telephone from his Siberian headquarters.
